Capsule Overviews of Favorite Albums Martin Winfree, 2024-12-18 The hundreds of albums that I salvaged from Hurricane Katrina are gradually being passed along to a friend and the paragraphs that I gave him along with the first 399 LPs provide the genesis for Capsule Overviews of Favorite Albums I have written the stories behind the albums and the recording artists along with commentary on particular songs and other works by the same recording artists My goal is to flesh out information on the greatest music ever recorded particularly for younger people who didn't grow up with these records While not comprehensive the sections in the book give a good overview of the rock music scene over the past half century or so along with musicians in other genres that appeal to me *Canadian Literatures in English, Volume One - Second Edition* Cynthia Sugars, Laura Moss, 2025-07-28 The long awaited second edition of Canadian Literatures in English has been updated throughout to include recent scholarship and fresh literary works As with the previous edition the anthology reflects the editors commitment to historical contextualization cultural inclusion and a nuanced understanding of critical debates over the long literary history of what is now Canada New to the second edition are works by Catharine Parr Traill Edith Maude Eaton L M Montgomery Ethel Wilson and others

Reading Old English Wisdom Robert DiNapoli, 2021-02-01 This book translates and comments on a selection of Old English poems that modern scholars identify as wisdom texts These comprise collections of maxims philosophical and cosmological speculation and historical meditation Composed by monastic authors from the ninth to the eleventh centuries they mingle orthodox Christian beliefs with pre-Christian sensibilities embedded in the linguistic texture of Anglo Saxon verse itself Their preoccupation with how the human psyche responds to the challenges of incarnate life in space and time lends them a wide ranging interest for students of medieval religion social history and psychology Many are superb poems in their own right whose quality the translations here serve to communicate to modern readers The book's commentaries engage sympathetically with patterns of thought and imagination both remote from us in time and yet strangely familiar *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... 1972-ANNI MIRABILES-MUSICAL BOX Otávio Paiva, 2021-12-10 Around 1 200 albums I was able to rescue from my musicological excavation of the year 1972 a list I started timidly a few years ago with no ambition but to recall that magical year of my life Around 2019 saturated with living in that strange Brazil that was emerging on the horizon it caught me in full a kind of retroversity which is a tendency of the individual to turn to the past and reflect on him to be able to meet again in the present Then I began in isolation before the epidemic that would catch us the following year to write an autobiographical novel called 1972 HAPPY FOR AN ENCORE I went back from suitcase and pen to spend a gap year there where I could revisit my deceased parents friends and acquaintances and reliving everything that made me go from a recalcitrant boy to a teenager

who gradually moved away from previous amusements to penetrate the universe of art a universe of which I am still immersed to the present day On this trip I had the chance to listen to the albums that made up my mind and turned me into a more palatable human being then decided to make an adhering to the end of the book called 1972 ANNI MIRABILES where I listed all of them together with the films and books that were influential to me during the year After the book was released I received from several readers comments about the omissions I made on the list but there were so many that I decided to look for and discovered so much material that I found myself in the obligation to write a book only about the albums made available in the year What was not my surprise when I discovered really amazed some works that I missed to know at the time and when I realized already had all these 1200 albums and if in some of them hangs the doubt that they were released in 1972 if they have not been were present in the air I decided to last translate it into English which I beforehand apologize for any mistakes knowing that my research would cover bands from various countries but this book became an open work that can have additions over time and so I left in each album a link to the song most meaningful to me in ways that I hope everyone who likes music just like me be happy for this encore

Nabokov Leona Toker,2016-11-01 Vladimir Nabokov described the literature course he taught at Cornell as a kind of detective investigation of the mystery of literary structures Leona Toker here pursues a similar investigation of the enigmatic structures of Nabokov s own fiction According to Toker most previous critics stressed either Nabokov s concern with form or the humanistic side of his works but rarely if ever the two together In sensitive and revealing readings of ten novels Toker demonstrates that the need to reconcile the human element with aesthetic or metaphysical pursuits is a constant theme of Nabokov s and that the tension between technique and content is itself a key to his fiction Written with verve and precision Toker s book begins with Pnin and follows the circular pattern that is one of her subject s own favored devices *Rhetorical Style* Jeanne Fahnestock,2011-09-29 A comprehensive guide to the language of argument *Rhetorical Style* offers a renewed appreciation of the persuasive power of the English language **Catalog of Copyright Entries, Fourth Series** Library of Congress.
