English Mechanic and World of Science ,1906 **Organisational Behaviour: Engaging People and Organisations** Ricky W. Griffin, Jean M. Phillips, Stanley M. Gully, Andrew Creed, Lynn Gribble, Moira Watson, 2023-10-01 Organisational Behaviour

Engaging People and Organisations is the only Organisational Behaviour text in the ANZ market to deliver a unique integrated learning model for the discipline and incorporate a critical perspective to a mainstream approach. The integrative model takes a robust approach by encompassing five levels of analysis: environment, individual, groups, leadership and organisation, and demonstrating how each relates to one another. It teaches a contemporary approach to Organisational Behaviour that aims to understand rather than control human behaviour in organisations. This EPAA award-winning resource explores the critical perspective in Organisational Behaviour, providing a more authentic learning experience for students. Instructor Resources include instructor manual, PowerPoints, Testbank and student solution manual.

Essential Quantitative Methods Les Oakshott, 2020-01-25. This well-loved textbook covers all of the key quantitative methods needed to solve everyday business problems. Presented in a highly accessible and concise manner, Les Oakshott's clear and friendly writing style guides students from basic statistics through to advanced topics such as hypothesis testing and time series, as well as operational research techniques such as linear programming and inventory management. Step-by-step instructions and accompanying activities will help students to practice and gain confidence in carrying out techniques. The book's coverage is fully grounded within the real world of business. Real-life case studies open every chapter, and numerous examples throughout demonstrate why quantitative techniques are needed for a business to be successful. An ideal textbook for undergraduate students of business management and finance, it is also suitable for MBA students and postgraduates. Accompanying online resources for this title can be found at bloomsburyonlineresources.com/essential-quantitative-methods-7e. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Agribusiness Julian Roche, 2019-08-06. Agribusiness offers a unique introduction to the business of agriculture: what agribusiness is, why it matters, what the role of technology is, how trade fits into the picture, what its key risks are, who is lending and investing and why, and what returns they are getting. It is both practical in orientation, focusing on the role of managers in the industry as well as that of lenders and investors, and international in scope, drawing on case studies and interviews with key figures all over the world. The text ranges across various agricultural commodities to stress that there is no one-size-fits-all solution, and successful management, lending or investment in agribusiness requires understanding specifics. Readers are introduced to the economics of the supply and demand of food, the role of agricultural trade, agricultural marketing and farm management, along with key business aspects including Main drivers of agribusiness value, Principal risks of agribusinesses, Agribusiness as an investment class and Agribusiness lending: why, who and how. This engaging textbook offers a complete guide to the international business of agriculture, which is ideal for all students, scholars and practitioners. A selection of eResources is also available to supplement this text, and instructors will find PowerPoint slides, discussion questions, case studies and further teaching materials available to them.
