print run on our own wouldn't be viable so we talked about other options and crowdfunding came up as a potential explains Ms Whyte It's an incredibly different approach than anything Jack is familiar with he has always done things on his own It wasn't until only recently that we knew something like this even existed Crowdfunding is the process of funding your projects through small contributions made by many individuals in order to attain a certain monetary goal typically via the internet The model that has been around the longest is rewards based crowdfunding where people can donate and receive goods in recognition of their support Ashley and Dylan Whyte have taken Scrapbook to RocketHub a platform specializing in arts and entertainment to seek help in bringing Jack's story to life They've launched their campaign and are working to raise 11 500 to cover the costs of printing a limited edition hardcover In the meantime Scrapbook remains free for everyone to read online and enjoy For more information about Scrapbook and how you can help please visit their Rockethub campaign at scrapbookwhytesonline.com **iMovie 4 & iDVD** David Pogue, 2004 This volume covers every step of iMovie video production from choosing and using a digital camcorder to burning the finished work onto CDs This book helps iMovie 3 users realize the software's potential as a breakthrough in reducing the cost complexity and difficulty of desktop video production Popular Photography, 1992-05 **Popular Photography**, 1992-03
