Flash Problem Need Help:

Flash's Song Kay Pfaltz, 2015-09-15 Flash's Song is the true account of how one person discovered the secret of miracles. Freelance writer Kay Pfaltz was living a quiet simple life with her three beloved dogs when suddenly her life turned upside down. Coming to terms with a failed relationship, she must now take her ailing dachshund Flash in for back surgery. But when the vet tells Kay that Flash's problem is not a disc but in fact a tumor growing on his spine and Flash has at most three weeks to live, Kay is devastated. Here begins a journey of self discovery and recovery that will open Kay's heart to the greatest miracle of all. Flash's Song tells the story of amazing canine courage and remission against all odds. It is a ballad of love and redemption and a moving account of how Flash's three week prognosis became five and a half miraculous months of learning loving and finally accepting. Written in luminous prose accompanied by poignant photos and filled with keen insight into love, faith, and the power of forgiveness, Flash's Song is not only a heartwarming ode to a little dog but also a tribute to life and an invitation to cherish every moment of it.

Digital Photography For Dummies Julie Adair King, 2002-09-26 In the 1840s William Henry Fox Talbot combined light paper a few chemicals and a wooden box to produce a photographic print laying the foundation for modern film photography

Over the years that process was refined and people discovered the joy of photography. Now more than 160 years after Talbot's innovation, photography has entered a new age with the arrival of the digital camera and a new and exciting way to think about photography. Just think: no more film, no more film development costs, no more limitations of working only with what's there. With digital photography, you have almost instant access to your photos, and with photo editing software, you can easily clean up your photos and add special effects that used to be nearly impossible for the amateur photographer to achieve.
