Florida Hazmat Test Study Guide:

A Guide for Assessing Community Emergency Response Needs and Capabilities for Hazardous Materials

Releases Battelle Memorial Institute, 2011 This Guide presents comprehensive step by step guidance on assessing hazardous materials emergency response needs at state regional and local levels matching state regional and local capabilities with potential emergencies involving different types of hazardous materials and assessing how quickly resources can be brought to bear in an emergency The methodology described in the Guide is designed to be scalable allowing the implementation results to be aggregated at the local level up through regional state and national levels Also the Guide is designed to connect as many components as possible to already established standards guidelines regulations and laws so that the Guide will remain current as these underlying components are updated In addition the Guide discusses appropriate means for maintaining currency of the information over time The Guide and accompanying spreadsheet tool on the attached CD ROM which leads planners through the assessment process will be most useful for local jurisdictions that have limited resources and expertise in hazardous materials emergency response planning Publisher s description *Catalog of Superfund Program Publications* United States. Environmental Protection Agency. Office of Emergency and Remedial Response, 1990
