Leadership in Community Colleges Nacco, Stephen Damian, 2024-04-29 In American higher education, community colleges present new opportunities for many, embodying the democratic essence since their early roots. Originally conceived as junior colleges preparing students for university transfers, these institutions have undergone a transformative journey, evolving into the comprehensive open-access pillars of education that define our present landscape. Despite a shared mission, a disparity exists among community colleges, with some rising to prominence as leaders in the community college movement. Amidst the challenges posed by the two World Wars, economic fluctuations, and societal shifts, community colleges have adapted to serve diverse needs, encompassing workforce development, community education, and developmental studies. *Narratives and Strategies of Effective Leadership in Community Colleges* takes on the challenge faced by these institutions: maintaining excellence amid the evolving demands of a dynamic society. *Narratives and Strategies of Effective Leadership in Community Colleges* is a pivotal resource for higher education practitioners navigating the complex realm of leadership challenges in community colleges.
