Hope for Everyone David Bell, Dave Griffiths, 2024-10-03 Have you ever imagined what the afterlife might be like? It is something that people throughout history have often pondered. Where, why, and how might we live again? Who would we be with? What would we do? What about God, Heaven, and Hell? The prospect of the afterlife raises so many questions. *Hope for Everyone* is a story that seeks to address these questions. It follows the afterlives of four main characters and explores a process of reconciliation that is both plausible and in line with the logic of love that has been given to humanity through the ages. How can a soldier who dies in battle be reconciled with those on the other side? How can a gangster live in harmony with the woman he has killed? How can a former slave girl walk side by side with her abuser? How can a proud religious housewife learn to let go of her prejudices? By imagining a possible future that leads to abundant life for all, this book aims to bring hope to everyone. Some readers have compared it to *The Shack*. Though this world can seem bleak, this tale offers a challenging and thrilling possibility that eventually everyone will love everyone.

International Dispute Resolution Vesna Lazić, Steven Stuij, 2018-07-26 The contributions in this book cover a wide range of topics within modern dispute resolution, which can be summarised as follows: harmonisation, enforcement, and alternative dispute resolution. In particular, it looks into the impact of harmonised EU law on national rules of civil procedure and addresses the lack of harmonisation in the US regarding the recognition and enforcement of foreign judgments. Furthermore, the law on enforcement is examined not only by focusing on US law but also on how to attach assets in order to enforce a judgment. Finally, it addresses certain types of alternative dispute resolution. In addition, the book looks into the systems and cultures of dispute resolution in several regions of the world, such as the EU, the US, and China, that have a high impact on globalisation. Hence, the book is diverse in the sense of dealing with multiple issues in the field of modern dispute resolution.

offers explorations of the impact of international rules and EU law on domestic civil procedure through case studies from among others the US China Belgium and the Netherlands The relevance of EU law for the national debate and its impact on the regulation of civil procedure is also considered Furthermore several contributions discuss the necessity and possibility of harmonisation in the emergency arbitrator mechanisms in the EU The harmonisation of private international law rules within the EU particularly those of a procedural nature is juxtaposed to the lack thereof in the US Also the book offers an overview of the current dispute settlement mechanisms in China The publication is primarily meant for legal academics in private international law and civil procedure It will also prove useful to practitioners regularly engaged in cross border dispute resolution and will be of added value to advanced students as well as to those with an interest in international litigation and more generally in the area of dispute resolution
