also served as a form of protest against United States foreign and military policy During the country s most recent wars however patriotism has made a comeback at the same time that the grim realities of combat are depicted more realistically than ever before The focus of the book is not only on the development of the comic book medium but also as a bell weather of society at the same time How did they approach the news of the war Were people in favor or against the fighting Did the writers of comics promote a perception of combat or did they try to convey the horrors of war All of these questions were important to the research and serve as a focal point for what has been researched only in limited form previously The conclusions of the book show that comic books are more than mere forms of entertainment Comic books were also a way of political protest against war or what the writers felt were wider examples of governmental abuse In the post 9 11 era the comic books have returned to their propagandistic patriotic roots **Maritime Guide** ,1999 **The American Foreign Service Journal** ,1940
