Hope Unbroken A Romance Serial Part :

Graham's Illustrated Magazine of Literature, Romance, Art, and Fashion, 1847 *Modernism à la Mode* Elizabeth M. Sheehan, 2018-10-15

Modernism la Mode argues that fashion describes why and how literary modernism matters in its own historical moment and ours Bringing together texts textiles and theories of dress Elizabeth Sheehan shows that writers including Virginia Woolf D H Lawrence W E B Du Bois Nella Larsen and F Scott Fitzgerald turned to fashion to understand what their own stylized works could do in the context of global capital systemic violence and social transformation

Modernists engage with fashion as a mood a set of material objects and a target of critique and in doing so anticipate and address contemporary debates centered on the uses of literature and literary criticism amidst the supposed crisis in the humanities A modernist affect with a purpose no less By engaging modernism la mode that is contingently contextually and in light of contemporary concerns this book offers an alternative to the often untenable distinctions between strong or weak suspicious or reparative and politically activist or quietist approaches to literature which frame current debates about literary methodology As fashion helps us to describe what modernist texts do it enables us to do more with modernism as a form of inquiry perception and critique Fashion and modernism are interwoven forms of inquiry perception and critique writes Sheehan It is fashion that puts the work of early twentieth century writers in conversation with twenty first century theories of emotion materiality animality beauty and history
