Computer Science in Industrial Application Yanglv Ling, 2015-07-28 CSIA 2014 focusses on improvements in computer science in industrial application. The contributions are grouped into five main sections: 1. Computer and Information Technology, 2.

Business management E commerce and Tourism This section covers mainly basic theory and general method of economic management businesses and market economy nbs Feminism Against Progress Mary Harrington,2023-04-25 Modern feminism increasingly benefits only a small class of professional women There is no reason to sacrifice everyone else s happiness for their sake Mary Harrington shows that women s liberation was less the result of moral progress than an effect of the material consequences of the Industrial Revolution We ve now left the industrial era for the digital age in which technology is liberating us from natural limits and embodied sex differences This shift may benefit the elites but it also makes it easier to commodify women s bodies human intimacy and female reproductive abilities Feminism has been captured by well off white collar women who use it to advance their own economic and political interests under the pretense that these are the interests of all women all the while wielding the term like a club against anyone male or female who dissents Feminism against Progress is a stark warning against a dystopian future in which poor women become little more than convenient sources of body parts to be harvested and wombs to be rented by the rich Progress no longer benefits the majority of women and only a feminism that is skeptical of it can truly defend their interests in the twenty first century

Biostimulants in Agriculture Youssef Rouphael,Giuseppe Colla,2020-03-24 *Discover Sociology: Core Concepts* Daina S. Eglitis,William J. Chambliss,2017-11-30 Discover Sociology Core Concepts explores sociology as a discipline of curious minds with the theoretical conceptual and empirical tools needed to understand analyze and even change the world all in a more streamlined format It is adapted from Discover Sociology Third Edition and offers in depth coverage of 12 high priority topics that are at the core of almost all introductory sociology courses Core Concepts maintains its reader friendly narrative and the hallmark themes of the parent book including the unequal distribution of power in society Inequality Matters the sociological imagination Private Lives Public Issues and career skills What Can I Do With a Sociology Degree A new feature Discover and Debate shows students how to take effective evidence based positions on important social issues and how to argue in a respectful manner that recognizes the value of different perspectives Also available as a digital option courseware Contact your rep to learn more about Discover Sociology Core Concepts Vantage Digital Option Students at Risk of School Failure José Jesús Gázquez,José Carlos Núñez,2018-10-18 The main objective of this Research Topic is to determine the conditions that place students at risk of school failure identifying student and context variables In spite of the fact that there is currently little doubt about how one learns and how to teach in some countries of the developed world there is still there is a high rate of school failure Although the term school failure is a very complex construct insofar as its causes consequences and development from the field of educational psychology the construct student engagement has recently gained special interest in an attempt to deal with the serious problem of school failure School engagement builds on the anatomy of the students involvement in school and describes their feelings behaviors and thoughts about their school experiences So engagement is an important component of students school experience with a close relationship to

achievement and school failure Children who self set academic goals attend school regularly and on time behave well in class complete their homework and study at home are likely to interact adequately with the school social and physical environments and perform well in school In contrast children who miss school are more likely to display disruptive behaviors in class miss homework frequently exhibit violent behaviors on the playground fail subjects be retained and if the behaviors persist quit school Moreover engagement should also be considered as an important school outcome eliciting more or less supportive reactions from educators For example children who display school engaged behaviors are likely to receive motivational and instructional support from their teachers The opposite may also be true But what makes student engage more or less The relevant literature indicates that personal variables e g sensory motor neurodevelopmental cognitive motivational emotional behavior problems learning difficulties addictions social and or cultural variables e g negative family conditions child abuse cultural deprivation ethnic conditions immigration or school variables e g coexistence at school bullying cyberbullying may concurrently hinder engagement preventing the student from acquiring the learnings in the same conditions as the rest of the classmates

Our Social World Jeanne H. Ballantine,Keith A. Roberts,Kathleen Odell Korgen,2018-11-29 Our Social World Introduction to Sociology inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World model a conceptual framework that demonstrates the relationships among individuals the micro level organizations institutions and subcultures the meso level

and societies and global structures the macro level Jeanne H Ballantine Keith A Roberts and Kathleen Odell Korgen use this framework to help students develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects The Seventh Edition includes new coverage of climate change the influence of robots and artificial intelligence on workers race relations in the Trump era issues related to transgender identity and gender fluidity sexual harassment in the workplace and the MeToo movement declining marriage rates the impact of tracking for students at all academic achievement levels smoking as an example of health and inequality in the US gun violence and the student movement to control access to guns social media and Russian interference in the 2016 election **Sociology of**

Sexualities Kathleen J. Fitzgerald, Kandice L. Grossman, 2024-09-04 Sociology of Sexualities is an insightful exploration of sexuality through a sociological lens offering a comprehensive understanding of sexualities and gender identities The Third Edition brings to light the current societal challenges faced by LGBTQ and reproductive rights the influence of technology on sexuality and the impact of the COVID 19 pandemic on sexual behaviors *Neuroscience, Learning and Educational*

Psychology María Jesús Luque Rojas, Eduardo Blanco Calvo, María Teresa Martín-Aragoneses, 2022-08-25 *Family Resource Management* Tami James Moore, Sylvia M. Asay, 2017-10-04 Conversational in style and rich in application and discussion Family Resource Management shows students how to apply knowledge and theory to the study of how families manage their resources for both survival and fulfillment Multiple perspectives are used to broaden the base of understanding in a contemporary environment The book unlocks the complexity of family decision making enabling students to grasp both the concepts and the underlying explanations of family behavior A strong theory base and the organization of material within the decision making process framework facilitate understanding and retention The Third Edition has been enhanced through surveys of educational professionals and extensive research of contemporary challenges emerging post 2008 recession and the 2016 election **Class, Race, Disability and Mental Health in Higher Education** Mike Seal, 2022-05-19 All

universities have to produce plans to eliminate the gaps in access success and participation of disadvantaged student in higher education setting targets with regards to Global Majority working class disabled and student with mental health conditions In this book Mike Seal examines the terminology theoretical debates and positions identifies the causes of gaps and evaluates proposed initiatives He argues that there is an unexamined assumption that higher education is a good thing materially and intellectually which demonises those for whom this is questionable The book also highlights the continuing structural and individual discrimination in terms of class race and disability and a denial of the extent to which higher education is a cause of mental health issues and negative well being It uncovers unexamined assimilation models in higher education that expects these students to abandon their culture and communities despite students wanting to give back to these communities being a major extrinsic motivation and to embrace a culture that will not embrace them The book starts from the perspective that contemporary international higher education reproduces existing privileges and the book goes on

to argue that widening participation agendas should recognise the changing nature of academic life through a more inclusive holistic approach Seal argues that it is essential to include an informed understanding of how students position themselves in academia and how their identity and academic status is enabled and developed with the support of the university In order to do this universities need to redefine their purpose and the nature of their relationships with the communities they purport to serve

Society in Focus William E. Thompson, Joseph V. Hickey, Mica L.
