narrative history about the legendary group of artists at the forefront of West Coast hip hop Eazy E Dr Dre Ice Cube Snoop Dogg and Tupac Shakur Amid rising gang violence the crack epidemic and police brutality a group of unlikely voices cut through the chaos of late 1980s Los Angeles N W A Led by a drug dealer a glammed up producer and a high school kid N W A gave voice to disenfranchised African Americans across the country And they quickly redefined pop culture across the world Their names remain as popular as ever Eazy E Dr Dre and Ice Cube Dre soon joined forces with Suge Knight to create the combustible Death Row Records which in turn transformed Snoop Dogg and Tupac Shakur into superstars Ben Westhoff explores how this group of artists shifted the balance of hip hop from New York to Los Angeles He shows how N W A s shocking success lead to rivalries between members record labels and eventually a war between East Coast and West Coast factions In the process hip hop burst into mainstream America at a time of immense social change and became the most dominant musical movement of the last thirty years At gangsta rap s peak two of its biggest names Tupac and Biggie Smalls were murdered leaving the surviving artists to forge peace before the genre annihilated itself Featuring extensive investigative reporting interviews with the principal players and dozens of never before told stories *Original Gangstas* is a groundbreaking addition to the history of popular music **The Coveted Westside** Jennifer Mandel,2022-03-29 From the middle of the nineteenth century as Euro Americans moved westward they carried with them long held prejudices against people of color By the time they reached the West Coast their new settlements included African Americans and recent Asian immigrants as well as the indigenous inhabitants and descendants of earlier Spanish and Mexican settlers *The Coveted Westside* deals with the settlement and development of Los Angeles in the context of its multiracial multiethnic population especially African Americans Mandel exposes the enduring struggle between Whites determined to establish their hegemony and create residential heterogeneity in the growing city and people of color equally determined to obtain full access to the city and the opportunities including residential that it offered Not only does this book document the Black homeowners fight against housing discrimination it shares personal accounts of Blacks efforts to settle in the highly desirable Westside of Los Angeles Mandel explores the White derived social and legal mechanisms that created this segregated city and the African American led movement that challenged efforts to block access to fair housing Community Art Therapy Emily Goldstein Nolan,2023-08-22 This book provides a narrative exploration of community art therapy woven from its rich practice roots theory the multiple ways that it can be applied in practice and through practitioner reflections The applications of community art therapy are numerous and this book provides knowledge to practitioners guiding them in their own work and grounding their theoretical approaches The community approaches presented in the text have been developed through careful research strategy and implementation *Community Art Therapy* is for the benefit of art therapists community artists and psychologists and anyone interested in learning more about the stories of community art therapy *Directory of Community Services Organizations in Greater Los Angeles* ,1979 **Unsettled Americans** John Mollenkopf,Manuel Pastor,2016-04-04 The

politics of immigration have heated up in recent years as Congress has failed to adopt comprehensive immigration reform the President has proposed executive actions and state and local governments have responded unevenly and ambivalently to burgeoning immigrant communities in the context of a severe economic downturn Moreover we have witnessed large shifts in the locations of immigrants and their families between and within the metropolitan areas of the United States Charlotte North Carolina may be a more active and dynamic immigrant destination than Chicago Illinois while the suburbs are receiving ever more immigrants The work of John Mollenkopf Manuel Pastor and their colleagues represents one of the first systematic comparative studies of immigrant incorporation at the metropolitan level They consider immigrant reception in seven different metro areas and their analyses stress the differences in capacity and response between central cities down at the heels suburbs and outer metropolitan areas as well as across metro areas A key feature of case studies in the book is their inclusion of not only traditional receiving areas New York Chicago and Los Angeles but also newer ones Charlotte Phoenix San Jose and California's Inland Empire Another innovative aspect is that the authors link their work to the new literature on regional governance contribute to emerging research on spatial variations within metropolitan areas and highlight points of intersection with the longer term processes of immigrant integration Contributors Els de Graauw CUNY Juan De Lara University of Southern California Jaime Dominguez Northwestern University Diana Gordon CUNY Michael Jones Correa Cornell University Paul Lewis Arizona State University Doris Marie Provine Arizona State University John Mollenkopf CUNY Manuel Pastor University of Southern California Rachel Rosner independent consultant Florida Jennifer Tran City of San Francisco
