

What's changed recently?

What's the current effect on the market?

In your introduction, we talked about what factors companies will pay their attention to when determining whether to invest. Today, you will work on the 1st 2) Personalized value to the player (10.5, 11 to 12.5%) and another attention factor on the technology investment. We will go back to all these things a little bit later on in the course. Companies just are looking at the investment in the future, but they are not really considering the value for players.
