The Finis Jhung Ballet Technique Finis Jhung, Ballet Dynamics, Inc, 2007      **The Finis Jhung Ballet Technique** Finis Jhung, 2014-06-26 KIRKUS REVIEWS excerpted for book website Discover or rediscover the essentials of good ballet technique in this comprehensive accessible book Ballet has a reputation as a beautiful but intimidating art form and those who lack natural flexibility or a typical dancer's body may feel unwelcome in a ballet studio In his first book former professional dancer and longtime instructor Jhung dispels that notion reminding students and teachers of the pure joy that dance can bring while offering clear guidance on how to move with grace and confidence and avoid injury He talks candidly about his own struggles with demanding classical technique and explains how he eventually learned to work with his body rather than against it when dancing Jhung doesn't demand perfect turnout or high battements from his students instead he emphasizes proper posture and alignment which he convincingly argues are the real foundation of good dance With that in mind he moves through a series of exercises from simple stretches and basic barre work to more advanced center work involving turns and jumps Lessons begin with an outline of the specific movements and are followed by a detailed analysis of each exercise so that readers will understand why it's essential to perfect simple steps before moving on to more complex choreography These initial lessons are clearly explained and are easy to follow even for those with no prior ballet training Throughout Jhung maintains his encouraging supportive tone while also discouraging the sloppiness and overreach that leads to strained inelegant movement valuable lessons for beginners and advanced students alike A fresh friendly guide that demystifies classical ballet while providing clear guidance on how to be a better dancer      **The Dance Film and Video Guide** Dance Films Association, 1991      *The Finis Jhung Ballet Technique*, 2003 Demonstrates ballet movements for barrework and centerwork      G.K.
