The Vanishing of Flight MH370 Richard Quest, 2016-03-08 CNN Aviation Correspondent Richard Quest offers a gripping and definitive account of the disappearance of Malaysian Airline Flight MH370 in March 2014 On March 8 2014 Malaysian Airlines Flight MH370 disappeared with barely a trace carrying 239 people on board seemingly vanishing into the dark night The airplane s whereabouts and fate would quickly become one of the biggest aviation mysteries of our time Richard Quest CNN s Aviation Correspondent was one of the leading journalists covering the story In a coincidence Quest had interviewed one of the two pilots a few weeks before the disappearance It is here that he begins his gripping account of those tense weeks in March presenting a fascinating chronicle of an international search effort which despite years of

searching and tens of millions of dollars spent has failed to find the plane Quest dissects what happened in the hours following the plane's disappearance and chronicles the days and weeks of searching which led to nothing but increasing despair He takes apart the varying responses from authorities and the discrepancies in reports the wide range of theories the startling fact that the plane actually turned around and flew in the opposite direction and what solutions the aviation industry must now implement to ensure it never happens again What emerges is a riveting chronicle of a tragedy that continues to baffle everyone from aviation experts to satellite engineers to politicians and which to this day worries the traveling public that it could happen again INCLUDES PHOTOS Aircraft Accident Report , **Airways** ,2000-07 **Aviation News** ,2002-07 *The Air Line Employee* ,1995 **Transport International** ,2003 **Jane's All the World's Aircraft** ,1998 **Flight International** ,2013 The New York Times Index ,1987 **Flight Attendant Manual** Canada.
