Laudon, Jane Price Laudon, 2003-08 **Socially Responsible Investment Law** Benjamin J Richardson, 2008-06-30 Environmental harm is commonly associated with companies that extract consume and pollute our shared natural resources Rarely are the unseen polluters the financiers that sponsor and profit from eco damaging corporations placed at the forefront of the environmental debate By focusing on these unseen polluters Benjamin Richardson provides a comprehensive examination of socially responsible investment SRI and offers a guide to possible reform Richardson proposes that greater regulatory supervision of SRI will help ensure that the financial sector prioritizes ethically based investments In Socially Responsible Investment Law he suggests that new governmental reforms should encourage companies to participate in socially responsible investments by providing a better mix of standards and incentives for SRI through measures that include redefining the fiduciary responsibilities of institutional investors to incorporate environmental concerns By doing so Richardson posits that corporate financiers including banks hedge funds and pension plans will become more accountable to the goals of ensuring sustainable development **Institutional Foundations of Impersonal Exchange** Benito Arruñada, 2012-09-15 Governments and development agencies spend considerable resources building

property and company registries to protect property rights When these efforts succeed owners feel secure enough to invest in their property and banks are able use it as collateral for credit Similarly firms prosper when entrepreneurs can transform their firms into legal entities and thus contract more safely Unfortunately developing registries is harder than it may seem to observers especially in developed countries where registries are often taken for granted As a result policies in this area usually disappoint Benito Arru ada aims to avoid such failures by deepening our understanding of both the value of registries and the organizational requirements for constructing them Presenting a theory of how registries strengthen property rights and reduce transaction costs he analyzes the major trade offs and proposes principles for successfully building registries in countries at different stages of development Arru ada focuses on land and company registries explaining the difficulties they face including current challenges like the subprime mortgage crisis in the United States and the dubious efforts made in developing countries toward universal land titling Broadening the account he extends his analytical framework to other registries including intellectual property and organized exchanges of financial derivatives With its nuanced presentation of the theoretical and practical implications Institutional Foundations of Impersonal Exchange significantly expands our understanding of how public registries facilitate economic growth Business and Sustainability Mick Blowfield, Michael Blowfield, 2013 Climate change the resource constrained economy and sustainability in general are amongst the hottest and most problematic topics for contemporary businesses This book provides a comprehensive overview of how the world s sustainability challenges are affecting and being affected by business
