,1994 **So We Read On** Maureen Corrigan,2014-09-09 The Fresh Air book critic investigates the enduring power of *The Great Gatsby* The Great American Novel we all think we ve read but really haven t Conceived nearly a century ago by a man who died believing himself a failure it s now a revered classic and a rite of passage in the reading lives of millions But how well do we really know *The Great Gatsby* As Maureen Corrigan *Gatsby* lover extraordinaire points out while Fitzgerald s masterpiece may be one of the most popular novels in America many of us first read it when we were too young to fully comprehend its power Offering a fresh perspective on what makes *Gatsby* great and utterly unusual *So We Read On* takes us into archives high school classrooms and even out onto the Long Island Sound to explore the novel s hidden depths a journey

whose revelations include Gatsby's surprising debt to hard-boiled crime fiction, its rocky path to recognition as a classic and its profound commentaries on the national themes of race, class, and gender. With rigor, wit, and infectious enthusiasm, Corrigan inspires us to re-experience the greatness of Gatsby and cuts to the heart of why we are as a culture borne back ceaselessly into its thrall. Along the way, she spins a new and fascinating story of her own.

The Only Study Guide You'll Ever Need Jade Bowler, 2021-08-05 We've all been there: a new school year starts and there's 8 months till your exams, that's plenty of time, right? Then there's 6 months, 3 months, 1 month, and oh, now there's 2 weeks left and you haven't started studying. What happens next is a panic-induced mayhem of highlighting everything in the textbook without even questioning if it's actually helpful. But I'm here to help you change this. In *The Only Study Guide You'll Ever Need*, I'll cover a range of different topics, including: How to get started and pick up that pen; Learning techniques that actually work; Hello, science of memory; The dos and don'ts of timetabling; And combatting fear of failure, perfectionism, exam stress, and so much more. As a fellow student now at university, I definitely don't have a PhD in Exam Etiquette, but this is the book younger me needed. All I wanted was one place that had a variety of tried and tested methods with reassurance from someone who had recently been through the education system. *The Only Study Guide You'll Ever Need* is just that, and I have collected the best techniques and tools I wish I'd known earlier to help you get through your studies and smash your exams.
