

DIRECTIONAL REFERENCES

Front of boat is bow; rear is stern. Starboard side is right side; port side is left side. In this maintenance manual, all directional references are given as they appear when viewing boat from stern, looking toward bow. (Figure 1)

Figure 1. Directional Reference

ENGINE ROTATION TERMINOLOGY

Engine rotation is the direction (left-hand or right-hand) of rotation of the crankshaft, as observed from the transmission or drive unit end of the engine.

All Mercruiser stern drive engines are left hand (counter-

clockwise) rotation. Inboard models may be either left or right hand rotation.

Do not rely on propeller rotation, as it is not necessarily the same as engine rotation.
