Organic Chemistry Fundamentals Study Guide Speedy Publishing, 2014-11-26 In order to fully understand any subject, the fundamentals must be understood and kept in the back of the mind. Organic Chemistry is one of the most difficult subjects a college student can take, especially if they are not a Chemistry major. A lot goes into the fundamentals of the subject. That is why an Organic Chemistry Fundamentals book can be so helpful to a student. When studying the material, if the student discovers they do not understand something, they can reference the book and continue with studying in no time at all. Having a reference book is the key to success in an Organic Chemistry class.
