Electrolux Carpet Cleaner Owners Manual:

The Vacuum Cleaner Carroll Gantz, 2012-09-26 House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor performed mostly by women Mechanical carpet sweepers were replaced by manual suction cleaners which in turn were replaced by electric vacuum cleaners in the early 20th century Innovative inventors who improved vacuum cleaners as electricity became commonly available made these advances possible Many early manufacturers failed but some such as Bissell Hoover Eureka and others became household names as they competed for global dominance with improved features performance and appearance This book describes the fascinating people who made this possible as well as the economic cultural and technological contexts of their times From obscure beginnings 200 years ago vacuum cleaners have become an integral part of modern household culture

Environmental Information in Instructions for Use of Consumer Products Ari Nissinen, 2005-03-11 The European Union has highlighted the issue of environmentally sound use of products in the context of Integrated Product Policy IPP Accordingly consumers should have easy access to understandable relevant and credible environmental information Information about product characteristics is available in different forms and sources but in many cases relevant environmental information is not available on the product itself The study described in this report was initiated in order to produce information on the state of user instructions regarding environmental information User manuals of passenger cars and refrigerators were focused on examining the advice which could diminish the harmful environmental effects of the use of these products Other studied products included such durable products as textiles and furniture as well as such consumables as cleaning chemicals and recyclable paper products The study raised many ideas about actions that could promote the status and eco development of instructions for use
