

SAMPLE OUTLINE FOR AN INFORMATIVE SPEECH

By Mike Busch

Introduction

Attention material	A Gallup Poll shows that 50% of the children under 10 listed an E.T. item as their 1 st , 2 nd or 3 rd choice most-wanted Christmas gift the year following the release of Steven Spielberg's best loved movie.
Motivation material	Many of you in this room stood in long lines to see this movie. Chances are if you saw "ET" you also saw that same year's biggest horror thriller, "Poltergeist." One man, who has been called a genius, a mad man, an artist and a freak, is responsible for these two films.
Thesis & Overview	This morning I want to take a look at the life of Steven Spielberg to determine how he combines the elements of fear and fantasy, using his own childhood fears and dreams, to bring an emotional magic to the silver screen.
(transition)	(Let's begin with his early life.)

Body

Thought Pattern: Topical	<p>I. In order to understand the methods behind his madness it is important to examine Spielberg's early life to see what is later reflected in his films.</p> <p>A. Spielberg was not a model child.</p> <ol style="list-style-type: none">1. He tormented his sisters.2. At 12, with his first camera he filmed model train wrecks. (examples and details) <p>B. In high school he was often lonely.</p> <ol style="list-style-type: none">1. He took refuge in the theatre program.2. He learned he wanted to make movies. (explanation) <p>C. His 2 years at C.S.U. preceded his 1st jobs.</p> <ol style="list-style-type: none">1. He got an interview with Sid Sheinberg of Universal TV.2. At 20 he became the youngest director with a long-term contract. (narration) <p>D. The rest is history.</p> <ol style="list-style-type: none">1. "Jaws" - \$410 million2. "Close Encounters" - \$250 million3. "Raiders" - \$310 - million4. "Poltergeist" - \$225 million5. "ET" - \$390 million and counting (statistics)
-----------------------------	--

(internal summary)	(So you can see that Spielberg's childhood easily could have led to the super-director he has become today.)

Speech in the Elementary School Mardel Ogilvie, 1954 The author states that the three purposes of the book are to suggest ways to promote effective communication in the elementary school classroom to indicate the speaking activities that are part of the language arts program and to note the part the classroom teacher plays in improving the child's speech Many speech activities are suggested but the important place of poetry is stressed Poetry is far too frequently omitted from classroom activities partially because of teachers lack of security in handling it with children the author's treatment of this subject should help to bolster the confidence of young teachers and encourage them in the use of poetry A chart lists the aims of speech education and information about the growth of children in language and should be a

helpful guide A practical book with many examples of actual classroom experiences and school activities of children's problems related to speech and of faulty co operation in dealing with such problems The major responsibility of course for speech training in the school lies with the classroom teacher Informative Speaking Thomas H. Johnson,2009-10-15 Making Connections in Elementary and Middle School Social Studies Second Edition is the best text for teaching primary school teachers how to integrate social studies into other content areas This book is a comprehensive reader friendly text that demonstrates how personal connections can be incorporated into social studies education while meeting the National Council for the Social Studies thematic pedagogical and disciplinary standards Praised for its eoewealth of strategies that go beyond social studies teaching e including classroom strategies pedagogical techniques activities and lesson plan ideas this book examines a variety of methods both novice and experienced teachers alike can use to integrate social studies into other content areas Research in Education ,1969 The Interface between Scientific and Technical Translation Studies and Cognitive Linguistics Ralph

Krüger,2015-04-17 Scientific and Technical Translation STT is a highly complex and knowledge intensive field of translation and cognitive linguistics is a usage based linguistic framework which provides powerful theoretical tools for modelling knowledge organisation and representation in discourse This book explores the interface between scientific and technical translation studies and cognitive linguistics by discussing the epistemological contextual textual and cross linguistic dimensions of scientific and technical translation from a cognitive linguistic perspective Particular emphasis is placed on explication and implicitation as indicators of the interaction between text and context in STT The corpusbased investigation of the two phenomena illustrates the complex knowledge requirements pertaining to scientific and technical translation and demonstrates the explanatory power of cognitive linguistics with regard to important textual and contextual aspects of STT

The Natural Speaker Randy Fujishin,1996-07 Literary studies in the postwar era have consistently barred attributing specific intentions to authors based on textual evidence or ascribing textual presences to the authors themselves Obscure

Invitations argues that this taboo has blinded us to fundamental elements of twentieth century literature. Widiss focuses on the particularly self-conscious constructions of authorship that characterize modernist and postmodernist writing, elaborating the narrative strategies they demand and the reading practices they yield. He reveals that apparent manifestations of the death of the author and of the free play of language are performances that ultimately affirm authorial control of text and reader. The book significantly revises received understandings of central texts by Faulkner, Stein, and Nabokov. It then discusses Eggers' Heartbreaking Work of Staggering Genius and the films *Seven* and *The Usual Suspects*, demonstrating that each is a highly self-aware rebuttal of the notion of authorial absence.

Communication in a Civil Society Shelley D. Lane, Ruth Anna Abigail, John Casey Gooch, 2024-03-06. Using the concept of civility as the major theme, this fully updated second edition offers a unique and alternative way to teach and learn about communication. The book brings together discrete areas that explore the fundamentals of communication and intrapersonal communication, interpersonal communication, small group communication, and public speaking. Every chapter includes theories, concepts, and examples that allow students to use civil and ethical communication skills in their personal relationships, in collaboration with colleagues, and in giving public speeches and professional presentations. This new edition highlights advances in and concepts related to mediated and technology-based communication, such as chatbots, technostress, and dating apps, and shows how students can engage in civil face-to-face and mediated interaction. Additionally, each chapter includes a real-world incident that students are asked to analyze in terms of specific chapter information and skills related to civility. *Communication in a Civil Society* is an ideal textbook for Introduction to Communication, Interpersonal Communication, and Public Speaking courses. Materials for instructors, including PowerPoint slides, a test bank, and an instructor's manual, are available at www.routledge.com. 9781032513263
