El-Hi Textbooks and Serials in Print, 2006 **El-Hi Textbooks & Serials in Print, 2005**, 2005 **Resources in Education**, 1996-10 *El-Hi Textbooks & Serials in Print, 2003*, 2003 **Connections** Tammy Boeck, Megan C. Rainey, 2003-08 The middle level book in a three book series Connections helps developing writers make the connections between reading, writing, and critical thinking. Not a traditional workbook, Connections takes a top-down approach to writing instruction. The text moves beyond traditional sentence and paragraph exercises, offering a wide variety of activities and opportunities for journaling, supplemental readings, quick reference guides, and unique step-by-step writing assignments. Connections guides developmental writers gently through every stage of the writing process. For anyone interested in developing writing skills. **Signals** George E. Bell, Carolyn Farkas, 2001-11 Signals is a comprehensive developmental writing text that stresses sentence-level writing skills within the context of paragraph development. More than just a grammar text, Signals focuses on the choices that writers make to write effectively. In its tone and content, Signals treats its students with respect as adults, college students, and as writers. Many of the examples are in paragraph format with continuous discourse exercises for practice. Exercises are also designed to provide useful information to college students. For example, an exercise might give paragraphs of advice on solving math word problems, easily negotiating car prices, or helping a friend involved in an abusive relationship. Keys to Successful Writing Marilyn Anderson, 2001-07 Keys to Successful Writing helps students become better writers by presenting simple, consistently applicable tools and techniques. The book's organization flows from simple to more complex essays. The text focuses on five keys to successful essay writing: purpose, focus, material, structure, and style. This distinctive heuristic developed by the author and tested in her classrooms helps students focus on the skills and ways of thinking that will make them stronger writers. Featuring a student-friendly, highly accessible writing style, the text presents clear, specific strategies for writing, combined with student and professional models that are engaging, provocative, and contemporary. An editing handbook is also included for a complete writing resource. A series of interactive writing exercises and activities and longer writing assignments give the text a predictable organizational

structure that's easy to learn and teach from **Composing with Confidence** Alan Meyers, 2006 This reader friendly sixth edition of *Composing with Confidence* focuses on the writing of paragraphs and essays within the composing process. Readers are guided step by step through the process but are provided with options in prewriting, discovery, outlining, and predicting. Each chapter in the unit on the rhetorical modes offers academic and professional model paragraphs and essays along with a well wrought paragraph assignment, an optional essay writing assignment, and at least five alternative assignments. A new chapter, *Writing on the Job*, offers instruction in and models of a job application letter, a résumé, and two memos. A repeated feature offers practice in summarizing, paraphrasing, quoting, and arranging material from outside sources. And two new features, *Blueprints for Writing* and *Unit Summaries*, offer quick visual summaries of the most important points of the chapter or unit. A full unit on sentence level issues of grammar and mechanics offers instruction in only those skills that are needed to make writing clear and grammatically correct. Each chapter in the unit ends with two *Editing for Mastery* exercises. *Tips boxes* and *If Your First Language Is Not English boxes* also provide short, specific, and practical advice. The book retains its most popular feature, fast paced, high interest, continuous discourse materials that makes it fun to read and work with. For those interested in developing their writing skills at the paragraph to essay level.
