

Establishing a Limited Government

The framers' main goal in crafting the Constitution was to create a system of limited government. They knew that absolute power often leads to the abuse of rights. On the other hand, they also knew that a lack of governmental power could result in chaos and instability.

The limited government envisioned in the Constitution is based on six guiding principles:

- (1) Popular Sovereignty
- (2) Rule of Law
- (3) Separation of Powers—Checks and Balances
- (4) Federalism
- (5) Independent Judiciary
- (6) Individual Rights

Popular Sovereignty

This principle means that power resides in the will of the people. The framers understood that making people the source of power is the best assurance that government will act in the people's interest.

The Constitution supports popular sovereignty through republicanism, or the idea that people elect leaders to a governing body of citizens.

Give an example of popular sovereignty in your own words: voting for President

The Rule of Law

This principle requires that the American people and their government abide by a system of laws. This is another way to ensure that power is limited and not used in an arbitrary manner.

Give two examples of rule of law in your own words: President follows the same laws and my drivers license is legal in other states

Separation of Powers—Checks and Balances

The Constitution divides power in the national government among the three principal branches. This separation of powers was a key component in the framers' vision of limited government.

In the framers' view, separating the powers of government among the three branches would ensure that no one branch could dominate. The framers took this principle a step further by inserting provisions in the Constitution that would allow each branch to check, or limit, the power of each of the other branches. This system of checks and balances can be seen in many parts of the Constitution.

Explain in your own words how the Congress checks the power of the President when making a treaty:

The President has the power to make a treaty, but the treaty must be approved by the Senate by a 2/3 vote.

Explain how the President and Congress can check and balance each other's power when the President vetoes a bill passed by Congress.

The President can veto a bill passed by Congress. However, Congress can override a Presidential veto by a 2/3 vote in both houses.

The forbid/allow asymmetry Bregje Holleman, 2021-09-13 Questionnaires are widely used in the social sciences and very often survey data form the basis for governmental and commercial planning or evaluation Yet the quality of survey data is not attested to since a large variety of factors in the language use situation prove to influence the answers unintentionally The forbid allow asymmetry is a well known example of this when respondents are asked whether something should be forbidden about 50% may answer yes forbid whereas an equivalent question phrased with the verb to allow could well cause up to 75% of the respondents to answer no it should not be allowed Which question wording is preferable to measure respondents true attitudes Only when we know why the answers differ can we decide on that This book is the first to apply a systematic cognitive approach to describe the causes of the forbid allow asymmetry The question answering process is unravelled by a variety of experiments and meta analytic techniques Analyses reveal that the difference in question wording does not prompt respondents to retrieve different attitudes Instead the asymmetry reflects that the question wording causes the response options to be used differently Because of the qualifying dimensions in the question text the meanings of yes and no change as well as the cognitive distance between them This study sheds a different light on processes of question answering and text interpretation Furthermore practical advice on questionnaire design and on the interpretation of survey data is given on the basis of these new insights *Questions and Answers from the Justice of the Peace*, 1902
