Langrall, 2008-12-01 Associate Editors Fran Arbaugh University of Missouri Columbia David C Webb University of Colorado at Boulder and Murrel Brewer Hoover WVSTEM Center Marshall University The purpose of this book is to document the work of the Show Me Project 1997 2007 and to highlight lessons learned about curriculum implementation Although the Show Me Project was charged with promoting the dissemination and implementation of four distinct comprehensive curriculum programs Connected Mathematics Mathematics in Context MathScape and MathThematics most of the lessons learned from this work are not curriculum specific Rather they cut across the four programs and share commonalities with standards based curriculum reform at any level We believe that documenting these lessons learned will be one of the legacies of the Show Me Project We anticipate that the comprehensive nature of this work will attract readers from multiple audiences that include state and district mathematics supervisors
