Who Created Christianity? Craig Evans,Aaron

White,2021-10-05 Who Created Christianity is a collection of essays by top international Christian scholars who desire to reinforce the relationship that Paul had with Jesus and Christianity There is a general sense today among Christians in certain circles that Paul s teachings to the early Christian church are thought to be rogue even clashing at times with Jesus words Yet these essays set out to prove that the tradition that Paul passes on is one received from Jesus not separate from it The essays in this volume come from a diverse and international group of scholars They offer up to date studies of the teachings of Paul and how the specific teachings directly relate to the earlier teachings of Jesus This volume explores with even greater focus than ever before the tradition from which Paul emerges and the specific teachings that are part of this tradition This collection of essays proposes a complementary work to the work of David Wenham and his thesis that Paul was indeed not the founder of Christianity or the creator of Christian dogma instead he was a faithful disciple and a conveyer of a

Through a number of case studies, the author delineates four phases that EFL writers may experience in their identity construction processes, illustrating the complexity of EFL writers' social identities. The Gospel According to Matthew Leon Morris, 1992 Throughout the history of the Christian Church, the Gospel of Matthew has been considered the most important portrait of Jesus' life and message. Containing Jesus' Sermon on the Mount and a uniquely rich collection of parables among many other things, Matthew has made a major contribution to the church throughout the centuries, and it still has much to say to the church today. This superb commentary in the Pillar series explores the meaning and relevance of Matthew in an eminently straightforward fashion. Leon Morris writes for readers who use commentaries to discover further what the Bible means. Throughout, he makes clear what he considers to be the meaning of the Greek text that Matthew has bequeathed to the church. A perceptive introduction precedes Morris's warmhearted verse-by-verse exposition of Matthew, an exposition based on his own literal translation of the text. Now a standard reference work on the Gospel of Matthew, this mature evangelically

oriented commentary will continue to meet the needs of students pastor and general readers alike Jacket flap **Ryken's Bible Handbook** Leland Ryken, Philip Ryken, James Wilhoit, 2005 Three authors help shed light on understanding the Bible not just as the inspired work of God but also looking at the different genres that make up the Bible's books poetry historical narrative wisdom literature story parables and more **Matthew's Inclusive Story** David B. Howell, 2015-01-29 Matthew has been described as an inclusive story in which the experiences of the evangelist's post Easter church are inscribed in the story of Jesus's earthly ministry This book explores the inclusive nature of the Gospel by means of reader response literary criticism Some recent redaction studies of Matthew are reviewed from the perspective of reader response criticism Then in an attempt to understand the interpretative moves readers make Matthew's story teller and audience are examined

Redating Matthew, Mark and Luke John Wenham, 2020-07-20 This groundbreaking study poses a solution to what one scholar has called one of the most difficult research problems in the history of ideas the Synoptic problem The phenomenon and mystery of three similar but different Synoptic Gospels has for centuries challenged some of the best minds of academia and the church How can we explain the differences and similarities among Matthew Mark and Luke Which Gospel was written first To what extent did the Evangelists depend on oral tradition written sources or each other John Wenham courageously opposes the reigning two document theory that Mark was the first Gospel with Matthew and Luke independently using Mark and a lost source of sayings of Jesus labeled Q Through careful argument and analysis he seeks to defend an alternative theory that satisfactorily accounts for what he argues is some degree of structural dependence but nevertheless a surprising degree of verbal independence among the Synoptics This brave new revisioning of the writing of the Synoptics redates Matthew Mark and Luke prior to A D 55 Insightful and provocative Redating Matthew Mark and Luke offers a fresh look at a hard problem as well as an interesting perspective on the inner workings of the early church It is a book to be reckoned with and sure to stir up scholarly controversy Resolving the Tension of Jesus's Mission in Matthew's Ancient Biography Jerry D. Breen, 2024-10-03 Jerry D Breen argues that reading Matthew and all the Gospels as ancient biography is the necessary next step for Gospel studies In particular Breen contends that more specific comparisons should be made between the Gospels and ancient literature Breen stresses that this reading invites narrative critics to place more emphasis on examining the use of sources and the importance of intertextual and historical information that the author introduces to the text Breen places emphasis on the relationship between Jews and non Jews in ancient Galilee and Palestine and challenges the long supported theory that Jesus did not minister to non Jews beyond two or three exceptions Demonstrating that Jesus is inclusive of everyone who comes to him even though he was sent primarily to the Jews Breen argues that the portrait which Matthew creates is one of a Jewish Messiah who is on a mission to restore Israel so that the restored people of God can bless the nations Concluding that rather than two conflicting missions the audience of the gospel is encouraged to view the healing of non Jews during Jesus's ministry as further proof that the Jewish Messiah is bringing
