The New Troubles James Swallow-Gaunt,2023-07-02 COVID was just the beginning The virus brought with it dissent and division that split the British people on one side those who believed the Government and the rule of Law On the other side those who fought for freedom and the right to choose The fight for freedom brought British soldiers to the streets of the Northern cities to restore law and order The New Troubles follows Romeo Two Zero Bravo as they fight for survival on the streets of Sheffield Follow the young soldiers of L Battery as they struggle against the terrorists themselves and a hidden organisation that is hell bent on destroying democracy liberty and freedom One final act of terror would bring Britain to its knees From the ashes a new British Empire would rise up a new British Reich

The Dervish House Ian McDonald,2010-10-04 It begins with an explosion Another day another bus bomb Everyone it seems is after a piece of Turkey But the shockwaves from this random act of 21st century pandemic terrorism will ripple further and resonate louder than just Enginsoy Square Welcome to the world of The Dervish House the great ancient paradoxical city of Istanbul divided like a human brain in the great ancient equally paradoxical nation of Turkey The year is 2027 and Turkey is about to celebrate the fifth anniversary of its accession to the European Union This is the age of carbon consciousness every individual in the EU has a card stipulating individual carbon allowance that must be produced at every CO2 generating transaction For those who can master the game who can make the trades between gas price and carbon trading permits who can play the power factions against each other there are fortunes to be made The old Byzantine politics are back They never went away The ancient power struggled between Sunni and Shia threatens like a storm Ankara has watched the Middle East emerge from twenty five years of sectarian conflict So far it has stayed aloof A populist Prime

Minister has called a referendum on EU membership Tensions run high The army watches hand on holster And a Galatasaray Champions League football game against Arsenal stokes passions even higher The Dervish House is seven days six characters three interconnected story strands one central common core the eponymous dervish house a character in itself that pins all these players together in a weave of intrigue conflict drama and a ticking clock of a thriller From the Hardcover edition *World Commercial Vehicle Forecasts* Paul Capella,1995 *Modern British Ambulances* Peter Murphy,2017-06-15 Peter Murphy explores the world of British ambulances *Fire Engines* Eddie Baker,2018-08-23 More complex and imposing than any other vehicle in the British emergency services the fire engine has a long and interesting history The earliest water pumps had been developed by the eighteenth century basic manual pumps that had to be hauled around by people or horses and were often only used on fire insured premises In the nineteenth and twentieth centuries horse drawn steam powered fire engines and eventually motorised fire engines came to revolutionise firefighting offering far greater versatility and the brigades came to be run by the municipalities In this beautifully illustrated introduction Eddie Baker charts the history of fire engines and their variants and the increasingly complex equipment they have carried such as high rise ladders and high pressure hoses He also explains the wider history of the fire service and how the engines have been shaped by its needs and most importantly those of the firefighters themselves **Electric Vehicle Progress** ,1999
