Minecraft Minecraft Series English Edition:

Reimagining Boredom in Classrooms through Digital Game Spaces Noreen Dunnett, 2024-03-05 This book challenges common understandings of boredom and disengagement in classrooms taking a relational approach to boredom which looks beyond the usual distinctions between in school and out of school practices The book explores how a sociomaterial perspective can provide an alternative analysis of boredom as performative and as a phenomenon assembled in space and time rather than as a psychological attribute of the individual student This perspective explores the affective experience of learning and how it is created in the classroom through assemblages of people technology objects and environment and the differing relations within them Drawing on empirical data from a case study which compares formal learning and digital gaming practices in a group of secondary schools in England the book suggests that by altering the affordances and constraints available in learning situations we can prevent boredom and disengagement emerging in the classroom This innovative book proposes that the mobility and dynamism of game spaces offer us new ways to re imagine engagement in learning and will be of relevance to scholars researchers and postgraduate students in the fields of teaching and learning digital gaming educational philosophy and educational technology *Interjections, Translation, and Translanguaging* Rosanna Masiola, 2018-12-05 This book is about interjections and their transcultural issues Challenging the marginalization of the past the ubiquity of interjections and translational practices are presented in their multilingual and cross cultural aspects The survey widens the field of inquiry to a multi genre and context based perspective The quantitative corpus has been processed on the base of topics of relevance and thematization The range of examples varies from adaptation of novels into films from Shakespeare from Zulu oral epics to opera from children s narratives to cartoons from migration literature to gangster and horror films and their audiovisual translation The use of American Yiddish Italian American South African English and Jamaican account for the controversial aspects of interjections as a universal phenomenon and conversely as a pragmatic marker of identity in post colonial contexts *Educational Metaverse Pocket Edition* Francisco Tupy, Helena Poças Leitão, 2023-05-08 We are entering into the next great world technological revolution The metaverse is a virtual world that replicates reality seeking to expand social connections In the very near future the boundaries between the physical and the virtual will slowly dissolve In the metaverse we will be able to go to work attend concerts meet friends study and do practically everything else we currently do in the physical world This book explores concepts reflections examples of use platforms applications devices new marketing techniques pedagogical activities and many other contents related to this new virtual world seeking to introduce education professionals to a subject that despite still being so controversial is extremely important for our understanding of the future **Raspberry Pi User Guide** Eben Upton, Gareth Halfacree, 2016-08-08 Learn the Raspberry Pi 3 from the experts Raspberry Pi User Guide 4th Edition is the unofficial official guide to everything Raspberry Pi 3 Written by the Pi s creator and a leading Pi guru this book goes straight
