Uneven Zimbabwe Patrick Bond,1998 Uneven Zimbabwe examines the influence of domestic and international financial markets and financiers in uneven development in Zimbabwe using and contributing to the tools of radical political economy

Theoretically Bond begins with criticism of the classical Marxist concepts of finance capital for focusing on institutional characteristics and failing to grasp underlying dynamics. Instead, as economic crisis tendencies emerge, the power of finance periodically intensifies, temporarily displacing crisis through time and space and across geographical scales. But the limits of the financial solution become evident when paper assets delink from the productive assets they are meant to represent, as well as in the role that finance plays in amplifying uneven development across different economic sectors, spaces and scales.

Chevy's Corvette is without question one of the most recognized sports cars in the world. Since its introduction at GM's Motorama, Corvettes have been favorites for fans and drivers in a wide variety of racing venues, including endurance events, hillclimbs, Trans Am drag racing, and GT Racing. For six decades, Corvettes have battled and defeated some of the biggest names in the sports car world: Ferrari, Porsche, Cobra, Jaguar, at storied road courses like Le Mans, Daytona, the Nürburgring, Sebring, and Laguna Seca. Beginning with the Real McCoy, a Zora Arkus-Duntov special raced at Sebring in 1956, this book draws on the history of factory-sponsored and private racing efforts, chronicling the history of the various Vettes that have been put to the test as racing machines. Noted automotive writer and renowned artist David Kimble delves deep into Vette's on-track history to provide the most thorough Corvette racing history ever published. *Corvette Racing* is illustrated with rare images from GM's media and design archives and complemented by Kimble's own stunning cutaway artwork.
