Name \_\_\_\_\_

### Part A: Smiley Face Traits

(1) Obtain two coins from your teacher. Mark one coin with a OFO and the other with a OMO to represent each of the parents. The parents are heterozygous for all the Smiley Face traits.

(2) Flip the coins for parent for each trait. If the coin lands with heads up, it represents a dominant allele. A coin that lands tails up indicates a recessive allele. Record the result for each person by circling the correct letter. Use the results and the Smiley Face Traits page to determine the genotype and phenotype for each trait.

Trait	Female		Male		Genotype	Phenotype
Face Shape	C	c	Ⓒ	c	Cc	Circle
Eye Shape	E	e	Ⓔ	e	EE	Star
Hair Style	S	s	Ⓔ	s	Ss	Straight
Smile	T	t	T	Ⓣ	Tt	Thick
Ear Style	V	v	V	Ⓥ	Vv	Pointed
Nose Style	D	d	Ⓓ	d	Dd	Down

Freckles	F	f	F	Ⓕ	ff	Absent Freckles
Nose Color	R	Y	Ⓡ	Y	RR	Red
Ear Color	P	T	P	Ⓣ	PP	Hot Pink

### Part B: Is it a boy or girl?

To determine the sex of your smiley face, flip the coin for the male parent. Heads would represent X, while tails would be Y.

	Female	Male	Genotype	Phenotype
Sex	X	X Y	XY	Male

### Part C: Create Your Smiley Face!

Use the Smiley Face Traits chart and your results from Part A to create a sketch of your smiley face in the box. Once you have completed the sketch, use the drawing tools in Microsoft Word to create your smiley face!

Two things to remember ...

○ Do not add color on the computer! Print a black and white copy and then use crayons or colored pencils to finish it.

○ Don't forget to give your smiley face a name! You will also need to include your name as parent and your class hour.

**"Who Owns Our Genes?"**, 2000 Engelsk tekst 162 s hf 2000 Nord 2000 11      **The Answer** Paul Howard Johnson, 2013-04-08 Three research scientists and a Forest Ranger have committed their time and energy to spend the summer in eastern Washington State in the great northwest searching to prove or disprove the myth surrounding Bigfoot. None of them believe that it will lead to more than a few scant clues and only meager evidence that will merely carry on the folklore. That is until they stumble upon hard evidence of the creature through a series of events that will not be easy for them or you to accept as factual. Not only is the myth of Bigfoot tackled head on but answers to such questions as UFO Unidentified Flying Objects crop circles cattle and horse mutilations and the question of are we alone in the universe are examined and illuminated. A strange rescue mission is asked of the team but all along they must contend with the harassment of disgraceful journalists whose mission is not necessarily the truth. The team must deal with world governments and the U S military who are in the middle of things for their own purposes causing the situation to become even more convoluted. Scavenger star races are set to invade but no one believes the team and they have nowhere to turn for help until a special friend lends some assistance in hopes of saving the people of the entire planet. The Answer is excitement humor love and startling revelations that will keep you interested to see what happens next. immortality of a sort is in our future just around the corner most likely by 2040 It is already happening and the pace of genetic breakthroughs is accelerating The change to our world will be like nothing the human race has ever experienced But what if this transition does not happen over decades but instead overnight This is what happens when geneticist Simon Barstow stumbles on the secret to immortality Billionaire Gregory Noble has planned decades for precisely this event He ruthlessly strikes to steal the discovery and eliminate the few who know of its existence His goal keep the discovery secret and sell immortality only to those who will pledge fealty and who can pay a king's ransom for the privilege Dr Barstow escapes Noble's trap and runs for his life carrying a copy of the research and with it the ability to destroy Noble's plans The hunt is relentless The stakes could not be higher If Noble succeeds in killing Barstow absolute control over this incredible power will be his With hundreds of years to build his empire he will put all humanity at his feet Barstow has two options stop Noble or die He gains allies and with their help stays one step ahead of Noble's deadly reach as he desperately struggles to get the discovery out into the world But Noble has planned years for every contingency and blocks Barstow at every turn With Noble closing in and nowhere to turn Barstow is forced to take an insane gamble
