River Basin Development and Human Rights in Eastern Africa — A Policy Crossroads Claudia J. Carr, 2017-01-05 This book is open access under a CC BY NC 2.5 license This book offers a devastating look at deeply flawed development processes driven by international finance African governments and the global consulting industry It examines major river basin development underway in the semi arid borderlands of Ethiopia Kenya and South Sudan and its disastrous human rights consequences for a half million indigenous people The volume traces the historical origins of Gibe III megadam construction along the Omo River in Ethiopia in turn enabling irrigation for commercial scale agricultural development and causing radical reduction of downstream Omo and Kenya's Lake Turkana waters Presenting case studies of indigenous Dasanech and northernmost Turkana livelihood systems and Gibe III linked impacts on them the author predicts agropastoral and fishing economic collapse region wide hunger with exposure to disease epidemics irreversible natural resource destruction and cross border interethnic armed conflict spilling into South Sudan The book identifies fundamental failings of government and development bank impact assessments including their distortion or omission of mandated transboundary assessment cumulative effects of the Gibe III dam and its linked Ethiopia Kenya energy transmission highway project key hydrologic and human ecological characteristics major earthquake threat in the dam region and widespread expropriation and political repression Violations of internationally recognized human rights especially by the Ethiopian government but also the Kenyan government are extensive and on the increase with collaboration by the development banks in breach of their own internal operational procedures A policy crossroads has now emerged The author presents the alternative to the present looming catastrophe consideration of development suspension in order to undertake genuinely independent transboundary assessment and a plan for continued development action within a human rights

framework forging a sustainable future for the indigenous peoples now directly threatened and for their respective eastern Africa states Claudia Carr s book is a treasure of detailed information gathered over many years concerning river basin development of the Omo River in Ethiopia and its impact on the peoples of the lower Omo Basin and the Lake Turkana region in Kenya It contains numerous maps charts and photographs not previously available to the public The book is highly critical of the environmental and human rights implications of the Omo River hydropower projects on both the local ethnic communities in Ethiopia and on the downstream Turkana in Kenya David Shinn Former Ambassador to Ethiopia and to Burkina Faso Adjunct Professor of International Affairs The George Washington University Washington D C *Human Rights and Development* Eva Brems, Christophe Van der Beken, Solomon Abay Yimer, 2015-02-04 The papers by international and Ethiopian scholars included in *Human Rights and Development* Legal Perspectives from and for Ethiopia focus on the interconnectedness between the protection of human rights and the achievement of development The book adds to the international debate by providing a unique insight into the Ethiopian perspective on the nexus between rights and development and by discussing how this nexus manifests itself in the Ethiopian context The comparative and international frameworks and examples constitute a valuable resource for the debate on human rights and development in Ethiopia which is currently taking place in the context of the developmental state approach pursued by the Ethiopian government

Human Rights in Developing Countries Peter R. Baehr, Lalaine A. Sadiwa, 1996-08-19 This edition of the Yearbook on Human Rights in Developing Countries contains contributions on the role of the right to development in the development assistance policies of Norway and of the European Union These thematic studies will help to provide a better perspective on the place of the right to development a human right which was recognised by the General Assembly of the United Nations back in 1986 The Yearbook also contains seven country reports which assess human rights trends in countries in the South covering civil and political as well as economic social and cultural rights during the period 1993 1995 The reports follow a common structure to allow for comparisons among countries The present volume contains reports on Bhutan Egypt El Salvador Ethiopia India Mexico and Uganda The Yearbook on Human Rights in Developing Countries is a joint project of the Chr Michelsen Institute Bergen the Danish Centre of Human Rights Copenhagen the Norwegian Institute of Human Rights Oslo the Raoul Wallenberg Institute of Human Rights and Humanitarian Law Lund the Ludwig Boltzmann Institute of Human Rights BIM Vienna and the Netherlands Institute of Human Rights SIM Utrecht **Human Rights Annual Report 2005** Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2006-02-23 The Committee s report examines the eighth annual report by the Foreign and Commonwealth Office Human Rights Annual Report 2005 Cm 6606 ISBN 0101660626 published in July 2005 Issues discussed include the international legal framework and the work of international institutions the war against terrorism and treatment of detainees in Guantanamo Bay extraordinary rendition and the use of information derived from torture the situation in Iraq and the trial of Saddam Hussein the arms trade and military assistance

and corporate social responsibility and states of concern The Committee welcomes the report as making a substantial contribution to the transparency and visibility of the Government's work on human rights matters However concerns are raised over the fact that the Minister responsible for human rights issues is also the Minister of State for Trade roles which are often contradictory The decision to subsume human rights work into the more general category of sustainable development is also criticised since it would suggest that human rights issues are not being given sufficient strategic priority within UK foreign policy

Human Rights, Export Credits and Development Cooperation Barbara Linder, 2019-12-27 This book analyses to what extent the current human rights system allows affected individuals to claim accountability for human rights violations resulting from bilateral development and export credit agency supported undertakings The author explores three legal pathways host state responsibility home state responsibility and corporate responsibility The book concludes with recommendations on how to strengthen human rights accountability and improve access to justice for adversely affected individuals It will be of great interest to those researching the intersection between human rights development cooperation and investment

Ethiopia's Troubled Situation United States. Congress. House. Committee on International Relations. Subcommittee on Africa, Global Human Rights, and International Operations, 2006

Legal Pluralism in Ethiopia Susanne Epple, Getachew Assefa, 2020-07-30 Being a home to more than 80 ethnic groups Ethiopia has to balance normative diversity with efforts to implement state law across its territory This volume explores the co existence of state customary and religious legal forums from the perspective of legal practitioners and local justice seekers It shows how the various stakeholders use of negotiation and their strategic application of law can lead to unwanted confusion but also to sustainable conflict resolution innovative new procedures and hybrid norms The book thus generates important knowledge on the conditions necessary for stimulating a cooperative co existence of different legal systems

Non-governmental Organizations (NGOs) and Sustainable Development in Sub-Saharan Africa Robert A. Dibia, 2008-01-01 Written to provide guidance for civil society organizations and their client groups this book examines the role of NGOs in the development processes on the African continent It raises questions about the influence of funding

agencies over the NGOs they support and explores the challenges NGOs face The book argues that increased knowledge and cooperation on all parts is essential to achieve sustainable development This book also concludes that sustainable development activities are not beneficial to every community in Africa Taking into consideration globalization and studies of sub Saharan countries this book concludes that news models of leadership are necessary for the success of Africa and NGOs are a vital part of achieving that development

Black Hawks Rising Opiyo Oloya, 2016-07-19 *Black Hawks Rising* tells the story of the formation and deployment of the African Union Mission to Somalia AMISOM in March 2007 Initially confined to peacekeeping within the Mogadishu enclave it transformed into a peace making mission Many including the author who predicted the mission was DOA Dead on Arrival gave the mission little chance of success As a fighting force however AMISOM took on the Somali insurgents in 2010 expelled them from Central Mogadishu on Saturday 6 August 2011 and expanded control of territory under the Somali Government in the succeeding years to most of Somalia The opening chapters of the book take the reader behind the scenes to highlight the inconsistent and sometimes disastrous US policy in the Horn of Africa generally and in Somalia specifically dating back to the Kennedy administration in the early 1960s Under President George Bush the US strongly and vigorously opposed deployment of regional African troops in Somalia instead sponsoring Somali factions to fight against each other and when that flopped egged on Ethiopia to invade Somalia in December 2006 which caused the rise of violent insurgency that spilled across borders Young jihadists streamed from the heart of USA to fight the invaders To clean up the mess the Bush administration finally supported the deployment of regional troops *Black Hawks Rising* captures intimately the stories of the men and women who made up AMISOM their triumphs setbacks and victories The spotlight focuses on the Uganda People s Defence Forces UPDF whose Herculean efforts supported by Burundi National Defence Forces BNDF and later the Kenya Defence Forces KDF Forces Arm es Djiboutiennes FAD Ethiopian National Defence Forces ENDF and Republic of Sierra Leone Armed Forces RSLAF were pivotal to the success of the mission Their dedication professionalism ideological commitment hard work and humanity turned Somalia from a wasted nation to one with hope for peace stability and a better future for the Somali people Like Heru the Hawk God of Ancient Egypt AMISOM s new breed of African peace warriors have demonstrated the capacity to work across borders regionally continent wide and globally to help resolve conflicts whenever and wherever they arise protecting lives and property and preventing genocides before they happen

Human Rights in Development, Volume 3 Peter R. Baehr, Lalaine Sadiwa, Jacqueline Smith, Annelies Bosch, 2023-03-13 This edition of the Yearbook on Human Rights in Developing Countries contains contributions on the role of the right to development in the development assistance policies of Norway and of the European Union These thematic studies will help to provide a better perspective on the place of the right to development a human right which was recognised by the General Assembly of the United Nations back in 1986 The Yearbook also contains seven country reports which assess human rights trends in countries in the South covering civil and political as well as economic social and

cultural rights during the period 1993-1995. The reports follow a common structure to allow for comparisons among countries. The present volume contains reports on Bhutan, Egypt, El Salvador, Ethiopia, India, Mexico, and Uganda. The Yearbook on Human Rights in Developing Countries is a joint project of the Chr Michelsen Institute, Bergen; the Danish Centre of Human Rights, Copenhagen; the Norwegian Institute of Human Rights, Oslo; the Raoul Wallenberg Institute of Human Rights and Humanitarian Law, Lund; the Ludwig Boltzmann Institute of Human Rights, BIM, Vienna; and the Netherlands Institute of Human Rights, SIM, Utrecht.

The Right to Liberty and Security versus Counter-Terrorism under International Law Shimels Sisay Belete, 2018-11-05. Particularly in the aftermath of the 9/11 terrorist attack, the threat of terrorism, however defined, has been invoked as a common justification in the pursuit of remodelling policies, laws, and institutions both at the international and in the domestic politico-legal showground. The broader central theme that this book explores is the normative vibe under which the present-day counterterrorism discourse is construed and sculpted in the legislative and institutional structures of an authoritarian state where the political power and government institutions are functioning under a single-party monopolised system. Presenting the Ethiopian legislative and institutional frameworks as a case study, the book critically reflects on the extent that the international legal and/or institutional counterterrorism response is sensitised in a manner lessening the risk of conflating authoritarian regime's unbearable reactions to citizens' legitimate demands and resistances against its repression vis-à-vis that of its response to the common threat of international terrorism. In particular, the book ponders whether or not the range of the substantive and procedural aspects of the Ethiopian antiterrorism legislative and institutional frameworks are wrought to fit into the main objectives and standards that emanate from the pertinent international laws relating to terrorism and the international human rights law, as well as the domestic constitutional law maxims.

Chemical Control Michael Crowley, 2016-01-26. This thoroughly researched study highlights the international community's failure to regulate contemporary state research, development, marketing, and/or deployment of riot control agents and incapacitating chemical agent weapons.

The Right to Truth in International Human Rights Law Julia Kertesz, 2021-05-27. The present book addresses the right to truth in the field of international human rights law. The objective is to verify the outlines of this right that make it unique and which justify its own disputable existence in the human rights scenario as a legally binding norm. Departing from a historical perspective of the emergence of this right in International Law, the intent is to analyze the multiple debates that have marked the development of the right to truth throughout the past decades. It is explored, therefore, how the a priori abstract notion of truth became a right and the strict relation this has with the social mobilizations of victims of gross violations of human rights. To accomplish this, the book spans across the struggle in particular of the relatives of disappeared victims during the 1970s and 1980s when the dictatorships reigned in Latin America. It follows on the expansion of the right to truth during what has been known as the fight against impunity until it reaches the main human rights courts. To finalize it, it discusses the inclusion of the right to truth in the International

Convention on the Protection of All Persons from Enforced Disappearance and the measures more commonly used to realize such right In the book it is concluded that the right to truth carries a singularity that is crucial for the protection of victims of gross human rights violations **Human Rights and the Third World** Subrata Sankar Bagchi, Arnab Das, 2012-12-06

Human Rights and the Third World Issues and Discourses deals with the controversial questions on the universalistic notions of human rights It finds Third World perspectives on human rights and seeks to open up a discursive space in the human rights discourse to address unresolved questions citing issues and problems from different countries in the Third World 1 Whether alternative perspectives should be taken as the standard for human rights in the Third World countries 2 Should there be a universalistic notion of rights for Homo sapiens or are we talking about two diametrically opposite trends and standards of human rights for the same species 3 How far these Third World perspectives of human rights can ensure the protection of the minorities and the vulnerable sections of population particularly the women and children within the Third World 4 Can these alternative perspectives help in fighting the Third World problems like poverty hunger corruption despotism social exclusion like the caste system in India communalism and the like 5 Can there be reconciliation between the Third World perspectives and the Western perspective of human rights The Covert Genocide Abdulkadir Ali, 2023-12-04

The Covert Genocide is the first comprehensive account of the horrors that befell Ethiopia's Somali region during the reign of Abdi Mohamoud Omar commonly known as Abdi iley who ruled over the Somali inhabited parts of Ethiopia between 2010 and 2018 In this book Abdulkadir Ali Bureida offers an incisive assessment of the Abdi iley years His reign of terror claimed the lives of thousands of Somalis in Ethiopia It lastingly damaged physically mentally and socially a good part of the community As the federal government's main pillar of the counter insurgency against the Ogaaden National Liberation Front ONLF Abdi iley acted as a state within the state On his and his officials orders countless civilians political competitors and suspected and real ONLF supporters were arrested tortured and killed across the region Drawing over 700 interviews with witnesses and survivors The Covert Genocide provides the reader with an insider's account of the atrocities arbitrary violence and terror that were the hallmark of the Abdi iley period Making use of history philosophy psychology and his first hand observations as a prisoner of conscience in the infamous Jail Ogaaden the author sheds light both on the systematic human rights abuses by Abdi iley's officials and paramilitary Liyu or special police and the broad political context which enabled it Equal part historical account political account political analysis and human rights reporting the book offers crucial testimony of the Abdi iley period A powerful tribute to the victims of state sponsored violence the Covert Genocide is a reminder that accountability for the many injustices committed continues to be wanting Some readers will be tempted to discard or downplay the findings of this book as essentially a Somali problem Nothing could be further from the truth Ethiopia former EPRDF government not only tolerated but enabled the many atrocities against civilians that took place as part of the government's counterinsurgency The ongoing impunity of former and current officials and security forces

including parts of the ONLF continues to be a major obstacle for reconciliation and healing not only in Somali region but in Ethiopia altogether Recent atrocities by warring parties in the Tigray conflict are a stark reminder that Ethiopia has so far failed to address or learn from its recent past The Covert Genocide is a stark reminder that as long as political elites refuse to acknowledge these past injustices and their victims they are likely to repeat themselves in the future Tobias Hagmann visiting professor Roskilde University Denmark and Senior Programme Officer Swisspeace Switzerland Land and Hydropolitics in the Nile River Basin Emil Sandstrom, Anders Jagerskog, Terje Oestigaard, 2016-08-05 The Nile River Basin supports the livelihoods of millions of people in Egypt Ethiopia Sudan and Uganda principally as water for agriculture and hydropower The resource is the focus of much contested development not only between upstream and downstream neighbours but also from countries outside the region This book investigates the water land and energy nexus in the Nile Basin It explains how the current surge in land and energy investments both by foreign actors as well as domestic investors affects already strained transboundary relations in the region and how investments are intertwined within wider contexts of Nile Basin history politics and economy Overall the book presents a range of perspectives drawing on political science international relations theory sociology history and political ecology Natural Resource Sovereignty and the Right to Development in Africa Carol Chi Ngang, Serges Djoyou Kamga, 2021-08-25 This book explores the nexus between natural resources ownership and the right to development in Africa The right to sovereignty over natural resources and the right to development are recognised and protected in an extensive framework of international regional and domestic instruments They guarantee people s entitlement to fully and freely utilise their natural resources as a means of subsistence and for economic social and cultural development Yet despite the abundance of natural resources in Africa a majority of the people on the continent remain largely impoverished This book articulates the central argument that to achieve the right to development in Africa requires appropriate governance of the continent s natural resources to which the people of Africa are guaranteed sovereign ownership With case study illustrations from Zimbabwe Ghana Ethiopia and the Democratic Republic of Congo chapters explore the normative measures specific guarantees and community entitlements to natural resources for the realisation of the right to development The book will be an invaluable guide to scholars and postgraduate students of Natural Resources Development and African studies as well as policymakers and practitioners in these areas
