The Supernatural in Modern English Fiction Dorothy Scarborough, 2019-01-03

subject of the supernatural in modern English fiction has been found difficult to deal with because of its wealth of material While there has been no previous book on the topic and none related to it save Mr C E Whitmore's work on *The Supernatural in Tragedy* the mass of fiction itself introducing ghostly or psychic motifs is simply enormous It is manifestly impossible to discuss or even to mention all of it Even in my bibliography which numbers over three thousand titles I have made no effort to list all the available examples of the type The bibliography which I at first intended to publish in connection with this volume is far too voluminous to be included here so will probably be brought out later by itself
