**Good Will Hunting: Do Disasters Make Us More Charitable?** Mr. Serhan Cevik, 2023-02-03 Humans are usually compassionate caring and empathetic toward others but are we really hardwired for altruism when a disaster hits There is evidence that people exposed to natural disasters tend to behave more philanthropically but most studies rely on small scale surveys and experimental data For that reason this paper contributes to the literature by investigating whether the COVID 19 pandemic has altered prosocial tendencies and charitable donations using a novel daily dataset of debit and credit card transactions I conduct a real time analysis of actual charitable donations in three European countries and find that the COVID 19 pandemic and government interventions have no significant effect on how much people contribute to charities as a share of total spending A higher preference for precautionary savings in the midst of the pandemic appears to outweigh altruistic behavior while government welfare programs crowds out private charitable donations *PSYCHOLOGY OF*

**Rethinking America's Past** Robert Cohen, Sonia E. Murrow, 2021-11-01 No introductory work of American history has had more influence over the past forty years than

Howard Zinn's *A People's History of the United States* which since its publication in 1980 has sold more than three million copies Zinn's iconoclastic critique of American militarism racism and capitalism has drawn bitter criticism from the Right most recently from President Donald Trump who at his White House Conference on American History in 2020 denounced Zinn as a Left propagandist and accused teachers aligned with Zinn of indoctrinating students to hate America and be ashamed of its history *Rethinking America's Past* is the first work to use archival and classroom evidence to assess the impact that Zinn's classic work has had on historical teaching and learning and on American culture This evidence refutes Trump's charges showing that rather than indoctrinating students Zinn's book has been used by teachers to have students debate and rethink conventional versions of American history *Rethinking America's Past* also explores the ways Zinn's work fostered deeper more critical renderings of the American past in movies and on stage and television and traces the origins and assesses the strengths and weaknesses of *A People's History* in light of more recent historical scholarship
