

MISS LONELYHEARTS

by

NATHANAEL WEST

with a preface

by Alan Ross

Obviously, *Miss Lonelyhearts* tells the story of a reporter, who, detailed to write an agony column and answer daily the letters, desperate with human misery, addressed to his paper, finds the passions he has to offer turning sour in his hand. The letters are no longer funny. He finds it impossible to continue. His own frustration compels him to make any solution—Christ, Art, the redoubt life—appear futile. *Miss Lonelyhearts* is short and brilliantly authentic. The newspaper background, the alternation of self-pity, intellectual love-making, clinical disgust, and the hopeless efforts at a normal life are contrived and pointed with a superb poetic economy that charges the whole book with a hallucinatory fever and raises the story to the intimate level of a poem. Many things—the bankruptcy of West's first publisher, the imminence of war—contributed to prevent recognition by a wider public of his importance as a novelist. Perhaps to-day is the best time to make his debanking of the political and economic racket once more available to the world.

House of Words Norman Ravvin, 1997-10-15 Arguing that Jewish North American writing is too commonly discussed as part of the mainstream neglecting the Jewish aspects of the works Ravvin places the writing of Bellow Richler Cohen West Mandel Roth and Rosenfarb within the Jewish context that the works demand Ravvin depicts a Jewish cultural landscape within which postwar writers contend with community and identity continuity and loss and highlights the way this particular landscape is entangled with broader literary and cultural traditions He considers Bellow and West alongside apocalyptic narratives discusses Cohen in relation to the counterculture examines Mandel's postmodern view of history and looks at autobiography and ethics in Roth and Rosenfarb At once scholarly and poetic A House of Words will appeal to the general reader of Canadian American and Jewish literature and history as well as to specialists in these fields **Study Guide to**

The Day of the Locust by Nathanael West Intelligent Education, 2020-02-15 A comprehensive study guide offering in depth explanation essay and test prep for Nathanael West's The Day of the Locust one of West's great novels that comments on the social and cultural properties of American life As a novel of the post Great Depression era The Day of the Locust depicts the failure of one popular conception of the American Dream Moreover West's novels highlight and intensify aspects of American life to show what it is as opposed to what it ought to be or even what it could be This Bright Notes Study Guide explores the context and history of Nathanael West's classic work helping students to thoroughly explore the reasons it has stood the literary test of time Each Bright Notes Study Guide contains Introductions to the Author and the Work Character Summaries Plot Guides Section and Chapter Overviews Test Essay and Study Q As The Bright Notes Study Guide series offers an in depth tour of more than 275 classic works of literature exploring characters critical commentary historical background plots and themes This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research **Evangelicals and the Arts in Fiction** John

Weaver, 2013-04-06 This book is an exploration of how the relationship of evangelicals to the arts has been portrayed in fiction for the last century The author argues that evangelicals are consistently seen as enemies of the arts by non evangelical writers The artist typically represented by a literal artist occasionally by a scientist or reluctant messiah typically has to fight for liberation from such cliched character types as the failed evangelical artist the rube or the hypocritical pastor Rather than resist the cliché of anti art evangelicalism the book contends that evangelicals should embrace it this stereotype is only hurtful so long as one assumes that the arts represent a positive force in human society This work built off the scholarship of John Carey does not make that assumption Surveying the current pro artistic views of most evangelicals the author advances the argument that evangelicals need to return to their anti art roots By doing so they would align themselves with the most radical artistic elements of modernism rather than with the classicists that the movement currently seems to prefer and provide space for themselves to critique how secular artistic stereotypes of evangelicals have

economically and artistically marginalized the evangelicals community **The Ironic Temper and the Comic**

Imagination Morton Gurewitsch,1994 The Ironic Temper and the Comic Imagination examines and illuminates the role which the ironic temper plays in the creation of complex literary comedy The book focuses on ironic comedy though not of the kind that is characterized by the surprises and shocks the incongruities and reversals of circumstantial irony Circumstantial or situational irony cannot stand alone it serves for example the aggressive functions of satire or the irrational impulses of farce or the benevolent whimsical or pain defeating energies of humor A Brief History of American Literature Richard

Gray,2010-12-28 A Brief History of American Literature offers students and general readers a concise and up to date history of the full range of American writing from its origins until the present day Represents the only up to date concise history of American literature Covers fiction poetry drama and non fiction as well as looking at other forms of literature including folktales spirituals the detective story the thriller and science fiction Considers how our understanding of American literature has changed over the past twenty years Offers students an abridged version of History of American Literature a book widely considered the standard survey text Provides an invaluable introduction to the subject for students of American literature American studies and all those interested in the literature and culture of the United States Modernism, Mass Culture and

Professionalism Thomas F. Strychacz,1993-07-30 A study of four modernist writers and their relationship to their critics and era **The Sentimental Touch:The Language of Feeling in the Age of Managerialism** Aaron Ritzenberg,2013 The

Sentimental Touch explores the strange enduring power of sentimental language in the face of a rapidly changing culture

The Dark Landscape of Modern Fiction Patrick Reilly,2018-05-08 This title was first published in 2003 This text explores the dark pessimistic truth that pervades the pages of modern texts setting a theme of Dante s Inferno against the work of modern authors including Dostoyevsky Hardy Conrad Wharton Kafka Camus Waugh and Flannery O Connor The author s thesis is that these writers exhibit a hostility towards the reader an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly enlightened At its most characteristic Reilly demonstrates modern fiction seems to achieve a savage satisfaction in inflicting this pain to an extent that could be described as sadistic Reilly traces what he calls this punitive spirit to a character in the Inferno Vanni Fucci who suffering himself does his best to make Dante suffer too Through the study he uses the Inferno as a guide to the prevailing attitudes in modern fiction revealing a parallel

between the prohibition of pity within the medieval poem and in the pages of modern texts *Hitchcock's Rear Window* John Fawell,2004-11-22 In the process of providing the most extensive analysis of Alfred Hitchcock s Rear Window to date John Fawell also dismantles many myths and clichés about Hitchcock particularly in regard to his attitude toward women Although Rear Window masquerades quite successfully as a piece of light entertainment Fawell demonstrates just how complex the film really is It is a film in which Hitchcock the consummate virtuoso was in full command of his technique One of Hitchcock s favorite films Rear Window offered the ideal venue for the great director to fully use the tricks and ideas he

acquired over his previous three decades of filmmaking Yet technique alone did not make this classic film great one of Hitchcock's most personal films *Rear Window* is characterized by great depth of feeling It offers glimpses of a sensibility at odds with the image Hitchcock created for himself that of the grand ghoul of cinema who mocks his audience with a slick and sadistic style Though Hitchcock is often labeled a misanthrope and misogynist Fawell finds evidence in *Rear Window* of a sympathy for the loneliness that leads to voyeurism and crime as well as an empathy for the film's women Fawell emphasizes a more feeling humane spirit than either Hitchcock's critics have granted him or Hitchcock himself admitted to and does so in a manner of interest to film scholars and general readers alike **Nathanael West** Dennis P. Vannatta, 1976

Fundamentals of Story Logic Therese Budniakiewicz, 1992-12-04 Drawing largely on Propp's and Greimas' work on the narrative this book is aimed at consolidating and extending their views through a series of concrete applications The volume offers a critical examination of narrative structure in terms of its two basic syntactic units or sets of operations namely the eventual or dynamic configurations corresponding to communication or to contract or more general to the structure of exchange Because of the emphasis it lays on the logical frame underlying the syntagmatic dimension of the story the book contributes to an integrated descriptive model deliberately centered on narrative semiotics as a branch of descriptive poetics The discussion of value in its social and legal context brings to light the links between the theory of narrative and its anthropological sources This book shows that a strict concern with story logic requires a reevaluation of the basic premises of semiotic theory and raises important epistemological questions about its evolution *The Great Depression and the Culture of Abundance* Rita Barnard, 1995-01-27 Examines the response of American leftist writers from the 1930s to the rise of mass culture and to the continued propagation of the values of consumerism during the Depression It traces in the work of Kenneth Fearing and Nathaniel West certain theoretical positions associated with the Frankfurt school especially Walter Benjamin and with contemporary theorists of postmodernism *Muse in the Machine* Mark Conroy, 2004 A writer who simply panders to the public is seldom taken for an artist An artist who cannot publish is seldom granted a career This dilemma the subject of *Muse in the Machine* has been home to many authors of serious fiction since the eighteenth century But it is especially pointed for American writers since the United States never fostered a sustainable elite culture readership Its writers have always been reliant on mass publicity's machinery to survive and when they depict that machinery they also depict that reliance and the desire to transcend its banal formulas This book looks at artist tales from Henry James to Don DeLillo's *Mao II* but also engages more indirect expressions of this tension between Romantic individualism and commercial requirements in Nathanael West Vladimir Nabokov and Thomas Pynchon It covers the twentieth century but its focus is not another rehearsal of media theory or word versus image Rather it aims to show how various novels about publicity culture also enact their authors' own dramas how they both need and try to critique the machine In subject as well as approach this study questions the current impasse between those who say that the aesthetic aspires to its own pure realm and those who

insist that it partakes of everyday practicality Both sides are right this book examines the consequences of that reality
