Educational Psychology Steven R. Wininger, Antony D. Norman, Bruce W. Tuckman, 2024-12-18 Educational Psychology distills the latest research into actionable steps guiding students in building solid evidence based teaching plans as they prepare to enter the classroom Employing a meta cognitive approach it encourages them to think about their dual role as both teachers and learners understanding not just what to do in the classroom but the why behind it Motivation is a central theme with the authors providing a practical framework to help teachers enhance student motivation and connect it to key themes and concepts throughout the text Rather than taking an encyclopedic approach the authors group chapters by topic enabling readers to remember concepts and connect best practices to big ideas in educational psychology By blending scholarship with application through vignettes examples case studies and practical teaching strategies this text equips students to be both methodical and creative in their future classrooms
