

Fieldnotes

THE MAKINGS OF ANTHROPOLOGY

EDITED BY Roger Sanjek

Fieldnotes The Makings Of Anthropology

Roger Sanjek

Fieldnotes The Makings Of Anthropology:

Fieldnotes Roger Sanjek, 1990 Thirteen distinguished anthropologists describe how they create and use the unique forms of writing they produce in the field They also discuss the fieldnotes of seminal figures Frank Cushing Franz Boas W H R Rivers Bronislaw Malinowski and Margaret Mead and analyze field writings in relation to other types of texts especially ethnographies Unique in conception this volume contributes importantly to current debates on writing texts and reflexivity in anthropology **Fieldnotes** Roger Sanjek, 1990 Fieldnotes Roger Sanjek, 1990 **Handbook of Ethnography** Paul

Atkinson, Sara Delamont, Amanda Coffey, John Lofland, Lyn Lofland, 2007-04-25 I wish the Handbook of Ethnography had been available to me as a fledgling ethnographer I would recommend it for any graduate student who contemplates a career in the field Likewise for experienced ethnographers who would like the equivalent of a world atlas to help pinpoint their own locations in the field Journal of Contemporary Ethnography No self respecting qualitative researcher should be without Paul Atkinson s handbook on ethnography This really is encyclopaedic in concept and scope Many big names in the field have contributed so this has to be the starting point for anyone looking to understand the field in substantive topic theoretical tradition and methodology SRA News Ethnography is one of the chief research methods in sociology anthropology and other cognate disciplines in the social sciences This Handbook provides an unparalleled critical guide to its principles and practice The volume is organized into three sections The first systematically locates ethnography firmly in its relevant historical and intellectual contexts The roots of ethnography are pinpointed and the pattern of its development is demonstrated The second section examines the contribution of ethnography to major fields of substantive research The impact and strengths and weaknesses of ethnographic method are dealt with authoritatively and accessibly The third section moves on to examine key debates and issues in ethnography from the conduct of research through to contemporary arguments The result is a landmark work in the field which draws on the expertise of an internationally renowned group of interdisciplinary scholars The Handbook of Ethnography provides readers with a one stop critical guide to the past present and future of ethnography It will quickly establish itself as the ethnographer s bible **Fieldnotes in Qualitative Education and Social Science**

Research Casey Burkholder, Jennifer Thompson, 2020-04-08 Building upon the incorporation of fieldnotes into anthropological research this edited collection explores fieldnote practices from within education and the social sciences Framed by social justice concerns about power in knowledge production this insightful collection explores methodological questions about the production use sharing and dissemination of fieldnotes Particular attention is given to the role of context and author positionality in shaping fieldnotes practices Why do researchers take fieldnotes What do their fieldnotes look like What ethical concerns do different types of fieldnotes practices provoke By drawing on case studies from numerous international contexts including Argentina Cameroon Canada Ghana Hong Kong Hungary Kenya Lebanon Malawi the Netherlands South Africa and the US the text provides comprehensive and nuanced answers to these questions This text will

be of interest to academics and scholars conducting research across the social sciences and in particular in the fields of anthropology and education

The Ethnographer's Method Alex Stewart, 1998-06-17 In this volume Alex Stewart shows novice and experienced ethnographers how to explain and present the methods they use in terms understood by those not in the field

eFieldnotes Roger Sanjek, Susan W. Tratner, 2015-08-12 In this volume sixteen distinguished scholars address the impact of digital technologies on how anthropologists do fieldwork and on what they study With nearly three billion Internet users and more than four and a half billion mobile phone owners today and with an ever growing array of electronic devices and information sources ethnographers confront a vastly different world from just decades ago when fieldnotes produced by hand and typewriter were the professional norm Reflecting on fieldwork experiences both off and online the contributors survey changes and continuities since the classic volume *Fieldnotes The Makings of Anthropology* edited by Roger Sanjek was published in 1990 They also confront ethical issues in online fieldwork the strictures of institutional review boards affecting contemporary research new forms of digital data and mediated collaboration shifting boundaries between home and field and practical and moral aspects of fieldnote recording curating sharing and archiving The essays draw upon fieldwork in locales ranging from Japan Liberia Germany India Jamaica Zambia to Iraqi Kurdistan and with diaspora groups of Brazilians in Belgium and Indonesians of Hadhrami Arab descent In the United States fieldwork populations include urban mothers of toddlers and young children teen tech users Bitcoin traders World of Warcraft gamers online texters and bloggers and anthropologists themselves With growing interest in both traditional and digital ethnographic methods scholars and students in anthropology and sociology as well as in computer and information sciences linguistics social work communications media studies design management and policy fields will find much of value in this engaging and accessibly written volume Contributors Jenna Burrell Lisa Cliggett Heather A Horst Jean E Jackson Graham M Jones William W Kelly Diane E King Jordan Kraemer Rena Lederman Mary H Moran Bonnie A Nardi Roger Sanjek Bambi B Schieffelin Mieke Schrooten Martin Slama Susan W Tratner

Writing Ethnographic Fieldnotes, Second Edition Robert M. Emerson, Rachel I. Fretz, Linda L. Shaw, 2011-12-25 In *Writing Ethnographic Fieldnotes* Robert M Emerson Rachel I Fretz and Linda L Shaw present a series of guidelines suggestions and practical advice for creating useful fieldnotes in a variety of settings demystifying a process that is often assumed to be intuitive and impossible to teach Using actual unfinished notes as examples the authors illustrate options for composing reviewing and working fieldnotes into finished texts They discuss different organizational and descriptive strategies and show how transforming direct observations into vivid descriptions results not simply from good memory but from learning to envision scenes as written A good ethnographer they demonstrate must learn to remember dialogue and movement like an actor to see colors and shapes like a painter and to sense moods and rhythms like a poet This new edition reflects the extensive feedback the authors have received from students and instructors since the first edition was published in 1995 As a result they have updated the race class and gender section created new

sections on coding programs and revising first drafts and provided new examples of working notes An essential tool for budding social scientists the second edition of *Writing Ethnographic Fieldnotes* will be invaluable for a new generation of researchers entering the field

Drawn to See Andrew Causey, 2017-01-01 In this meditation how to guide on drawing as an ethnographic method Andrew Causey offers insights inspiration practical techniques and encouragement for social scientists interested in exploring drawing as a way of translating what they see during their research

Transforming Qualitative Data Harry F. Wolcott, 1994-02-18 Publisher's description After the glamour of working in the field is over you now face the daunting challenge of transforming your field notes and interview tapes into a completed study But where do you start In *Transforming Qualitative Data* Harry F Wolcott guides you through the process of completing your research study Beginning with an introductory chapter that presents his views on ethnography he explores the transformation process by breaking it down into three related activities description analysis and interpretation To illustrate each point he critically examines his own work using nine of his previous studies as illustrations Then he shows you how to learn and to teach qualitative research by applying the three principles outlined in the volume Written with the usual wit and brilliance shown in Wolcott's work *Transforming Qualitative Data* is a major statement on doing research by one of the master ethnographers of our time

As recognized, adventure as competently as experience practically lesson, amusement, as capably as concord can be gotten by just checking out a book **Fieldnotes The Makings Of Anthropology** furthermore it is not directly done, you could say yes even more regarding this life, on the world.
