Gateway User Guides:

User Guides, Manuals, and Technical Writing Adrian Wallwork, 2014-06-19 This book is intended for anyone whose job involves writing formal documentation. It is aimed at non-native speakers of English but should also be of use for native speakers who have no training in technical writing. Technical writing is a skill that you can learn and this book outlines some simple ideas for writing clear documentation that will reflect well on your company, its image and its brand. The book has four parts: Structure and Content. Through examples you will learn best practices in writing the various sections of a manual and what content to include. Clear Unambiguous English. You will learn how to write short, clear sentences and paragraphs whose meaning will be immediately clear to the reader. Layout and Order Information. Here you will find guidelines on style issues, e.g. headings, bullets, punctuation and capitalization. Typical Grammar and Vocabulary Mistakes. This section is divided alphabetically and covers grammatical and vocabulary issues that are typical of user manuals.

Weed: The User's Guide David Schmader, 2016-04-05 This well-baked and hilarious guide to the brave new world of marijuana is required reading for longtime potheads and new users alike. Dan Savage: This fun and insightful book is the perfect owner's manual. Rick Steves: The United States is in the midst of a weed renaissance. Recreational marijuana is greenlit in a growing number of states with medical marijuana legal in many more. The Stranger writer and performer David Schmader is your witty and well-baked tour guide to this brave new world of legal marijuana. Here you'll learn: Which presidents were potheads. Hemp vs cannabis. Dealing with dealers. What is the difference between a blunt and a spliff. How to make an apple into a pipe. How to clean a bong. How to make the world's best pot brownies. What to do if you are high and you don't like it. How to maximize your high with food, chilled grapes and a cheese platter or 10 worth of whatever you want from 7-Eleven. Entertainment from abstract expressionism to buddy comedies and nature dog parks are a stoner's paradise. Packed with history, ways to enjoy, recipes, safety and legality tips and medical use information, this little manual is the perfect addition to your stash.

Ethereal Users Guide Richard Sharpe, Ed Warnicke, 2001. Ethereal is one of those packages that many network managers would love to be able to use but they are often prevented from getting what they would like from Ethereal because of the lack of documentation. This document is part of an effort on the part of the Ethereal team to improve the accessibility of Ethereal. We hope that you find it useful and look forward to your comments.

Silence: A User's Guide, Volume Two Maggie Ross, 2017-12-13 To learn to read a text for the portals of silence that are implicit in it is to gain a powerful tool for supporting and expanding one's silence and to open the reader to the insight that ensues. The sort of reading proposed in this volume is both costly and rewarding. These pages invite readers once again to look at their own minds to reflect on what is happening there and to understand the essential role of silence for being human and for living our own truth with one another.
