You should clearly understand how your particular tow vehicle capacities are calculated. It also sure your tow vehicle are not only rated for your intended usage and pay particular attention to suspension components, tires and tire pressure. We remind you use safety devices and weight distribution hitches with all Jayco towable products. Many states have lower speed limits required with the tow vehicle/trailer combination. Obey all traffic laws and use your knowledge of all the no motor vehicle and that you do not exceed MPH when towing a trailer. Consult an expert for specific driver education when towing a trailer.
