,1866 *Essai sur l'entendement médical, suivi d'une nouvelle méthode pour apprendre la médecine [et d'indications thérapeutiques]* Jean Pierre Favart,1822 De la diplomatie étatique aux diplomates polylatérales Oumarou

Kologo,2019-09-30 Suite aux bouleversements du xxe siècle la diplomatie fait face à l'intrusion de nouveaux acteurs aux ambitions multiples aux méthodes et stratégies parfois aux antipodes de ce qu'elle prônait Ainsi la diplomatie traditionnelle n'a pu résister à la montée du multilatéralisme avec la naissance des grandes organisations internationales et l'avènement des diplomaties polylatérales sous l'impulsion d'acteurs substatiques non gouvernementaux et transnationaux Certes l'émergence de cette pluralité constitue une réponse à la fragmentation du monde mais c'est un impératif stratégique pour la diplomatie de s'en accommoder pour s'enrichir s'adapter et survivre Dans un monde apolarisé complexe et imprévisible une diplomatie de résilience est plus que nécessaire **Revolutionary Republicanism** Samuel Hayat,2023-12-22 Revolutionary Republicanism provides a history of French republicanism seen through a seminal episode of its creation the 1848 revolution The process of reinventing republicanism in 1848 gave rise to two opposite understandings of republicanism a moderate one that merely adapted the institutions of representative government to popular sovereignty and a more radical social democratic notion of republicanism based on inclusive forms of representation and aiming at the emancipation of the proletariat These two notions of republicanism unfolded over the course of the few critical months between the revolution of February 1848 and the uprising of June 1848 which saw the victory of the moderate one Playing devil's advocate to the traditional republican history that casts 1848 as a mere step in the continuous history of French republicanism the book demonstrates that the events of the revolution amounted to a repression of all that the Republic had meant up until that point particularly the forms of participation and popular representation hitherto seen as constituting a republican regime The text also sets out to chart the history of the democratic and social Republic as the socialist and worker revolutionaries of 1848 called the radical republicanism they dreamed of founding and believed would fulfil the republican promise of emancipation This book will appeal to all those with an interest in the French revolutions and the history of radical ideas
