Study Guide

of Frederick Douglass, which became a bestseller. He also published many abolitionist newspapers, and was sought as a anti-slavery lecturer throughout the United States and Europe. He gave valuable advice to Presidents Lincoln and Johnson, was appointed to various political positions, and was nominated for Vice President of the United States in 1872.

In the Bright Star production of *Frederick Douglass*, we celebrate the life of one of America's most inspirational and honorable figures.

About the show:

Frederick Douglass (1818-1895) was one of the foremost leaders of the American abolition movement, as well as an author, orator, and statesman. Born into slavery on the eastern shore of Maryland, Douglass escaped at the age of 20 and lived an inspirational life dedicated to his belief that all people are created equal - regardless of race, gender, or nation of origin.

Frederick Douglass firmly believed that education was a powerful tool that could help people change their lives. When he was a child, it was against the law in America for anyone to teach slaves how to read or write. Fortunately, when he was 12, the wife of his owner taught him the alphabet. Douglass was able to continue his lessons on his own by watching and listening to other people in his neighborhood.

Once he was able to read, he began to read anything he could find, including newspapers and every type of book. Douglass got in trouble when he began teaching other slaves to read and write. He also attempted to escape slavery several times, and finally was successful in 1838, when he was 20 years old.

After his escape, Frederick Douglass began giving anti-slavery speeches and wrote his first autobiography, *Narrative of the Life*
