Health Assessment 8th Edition is the most authoritative complete and easily implemented solution for health assessment courses in nursing. This tightly integrated learning package continues to center on Carolyn Jarvis's trademark clear, logical, and holistic approach to physical examination and health assessment across the patient lifespan. It's packed with vivid illustrations, step-by-step guidance, and evidence-based content to provide a complete approach of health assessment skills and physical examination. With a fresh focus on today's need to know information, the 8th edition integrates QSEN and interprofessional collaboration, enhanced inclusion of LGBTQ issues, a new standalone Vital Signs chapter, and enhanced EHR and documentation content. The most trusted name in health assessment for nurses, now in its 8th edition, A clear conversational, step-by-step, evidence-based approach to physical examination and health assessment of patients throughout the lifespan. A consistent format from chapter to chapter features sections on Structure and Function, Subjective Data, Objective Data, Documentation, and Critical Thinking, and Abnormal Findings to help you learn to assess systematically. UPDATED: An unsurpassed collection of more than 1,100 full-color illustrations has been updated to vividly showcase anatomy and physiology, examination techniques, and abnormal findings. Enhanced content on the electronic health record, charting, and narrative recording exemplify how to document assessment findings using state-of-the-art systems with time-tested thoroughness. Engaging learning resources include assessment video clips, NCLEX Exam review questions, case studies with critical thinking activities, audio clips of heart, lung, and abdominal sounds, assessment checklists, and much more. Promoting a Healthy Lifestyle: Boxes present opportunities for patient teaching and health promotion while performing the health assessment. Developmental Competence: Sections highlight content specific to infants, children, adolescents, pregnant women, and older adults. Culture and Genetics: Sections include information on biocultural and transcultural variations in an increasingly diverse patient population. NEW Standalone Vital Signs chapter and refocused nutrition content includes an expanded emphasis on the national epidemic of obesity. NEW Enhanced integration of QSEN and interprofessional collaboration emphasize how to ensure patient safety during the physical exam and how to collaborate with other health professionals to promote optimal health. NEW Enhanced inclusion of LGBTQ issues and revamped and refocused Cultural Assessment chapter equip you with the skills to practice with greater sensitivity and inclusivity. NEW Health Promotion and Patient Teaching sections underscore the unique role of nurses, especially advanced practice nurses, in health promotion.
