

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

From GCSEs to EBCs Great Britain. Parliament. House of Commons. Education Committee, 2013 The Government's plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government's plans The report also questions how well the Government's proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government's decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government's proposals

Taking South Park Seriously Jeffrey Andrew Weinstock, 2008-09-11 Since it came on the air in 1997 Comedy Central's top rated animated program South Park has been criticized for its crude scatological humor and political insensitivity. However the program also fearlessly wades into the morass of American political life as it tackles and satirizes all American sacred cows including political correctness the value of celebrities ideas about childhood and the role of religion in American life. In the process South Park raises provocative and timely questions about politics identity and the media's influence in shaping American thinking. Taking South Park Seriously brings together scholars who explore the broader implications of South Park's immense popularity by examining the program's politics aesthetics and cultural impact. Topics covered include the pleasures of watching the show South Park's relationship to other animated programs and the program's representations of racial and ethnic minorities the disabled celebrities children religion and education. This book will be of interest not only to communications and cultural studies scholars but to anyone who has ever laughed along with Cartman Stan Kyle and Kenny.
