The Innkeeper J. Lennington, 2016-07-07 Craig had fallen on hard times His position at the machine shop was the only thing he knew Now the shop had closed down and he was unemployed for the first time in his life He had applied everywhere but no one was hiring in the Columbiana County area of Ohio He had a wife and two daughters to support so he took the only job he could find as manager at the Spread Eagle Tavern and Inn in Hanoverton Ohio It wasn't what he planned but it would do until something better came along Rumor was that the inn was haunted and as he conducted his evening tours of the inn it seemed the only thing the guests wanted to talk about were the ghosts Craig didn't believe in ghosts at least not in the beginning Project Titan A.J. Stone, 2022-01-28 Chief Warrant Officer Craig Thompson a United States Army Apache Helicopter pilot is injured while serving in Afghanistan Now back home in Fort Campbell Kentucky and confined to a

wheelchair his nightmare continues Luckily with the help of a ranking officer Craig managed to avoid being discharged and became an Apache flight instructor in the simulator Out of the blue Craig gets recruited into a program under the guise that he will be helping other soldiers who have been injured while serving He jumps at the opportunity and is suddenly immersed into a world of real life science fiction and technology A world where he is able to walk again But it is also a world of extreme secrecy So secret is this project that less than a handful of people outside the project know of its existence The project experiments are conducted in a top secret underground facility The departments within the facility do not know what the other departments are doing and most of the personnel involved with the project do not know the true and full extent of the project Soon Craig figures out the truth behind the project and its real intent Yet he understands the reason for the project and is completely onboard He continues to play his role in the project Though the project is plagued by failures progress is being made and eventually the end is in sight Distant still but within sight Craig eventually learns that in a world of secrets there are always more secrets And some secrets could cost him everything **Outside** Sadiya Rabia, 2015-09-29 Facing life
