ACTIVITY 6
EDUC 102 (10790)

Let's Analyze

Activity 1. In this activity, you are required to elaborate thoroughly on your answer to the questions below:

1. Discuss concisely what is the ASSURE model and its significance of being aware of its theoretical framework in preparing to become an effective teacher.
 - Knowing such a model will probably force you to concentrate on designing a curriculum around that model rather than the content. In short, analytical frameworks have a tendency to put teachers further away from the subjects they are teaching as well as the pupils.
2. What are your perceptions of implementing the instruction and of student learning with technology?
 - I do generally have a good attitude toward technology, but my understanding of it is lacking. The National Curriculum Statement in Technology has implications based on the nature of these attitudes, conceptions, and associated elements.
