Latin Momentum Tests for GCSE Ashley Carter, 2016-05-12 This collection of 15 tests is modelled on those used in GCSE examinations. The first few are at the standard of Foundation Tier and provide appropriate practice for Foundation Tier candidates as well as an easier introduction to the harder tests for Higher Tier candidates. The remaining tests are designed for Higher Tier candidates. All the tests contain a range of grammatical and syntactical features appropriate for GCSE and assume a basic knowledge of about 500 words of vocabulary; other words and proper names are glossed. Each test consists of three sections: a passage of about 60 words tested by simple comprehension questions; a passage of about 100 words for translation; and a passage of about 90 words tested by more demanding questions. A gradient of difficulty is maintained throughout the Latin. Each test also has two mark schemes suitable for use by the teacher or by the student for self assessment.

Latin Language Tests for Levels 1 and 2 and GCSE Ashley Carter, 2015-03-02 This collection of tests provides practice for students preparing to take the new Latin language examinations at the WJEC examination board. Levels 1 and 2. It also includes tests similar to those used in the OCR examination board GCSE examinations. The book is divided into five sections, each devoted to a different format or level of tests. Words that are not expected to be known at each level are glossed. The range of grammatical and syntactical features is similar to that found in the public examinations. The tests are designed to cover translation and comprehension of specially constructed stories in Latin. Readers are not expected to have familiarity with any particular course book and the stories may also be used simply as a graduated Latin reader if desired.
