Do you wish you could save website links to read them later rather than keeping multiple tabs open at a time? Maybe you find it easier to doodle or hand write notes and reminders rather than type them? Do you like the idea of capturing a thought at work viewing it in your phone and then editing it at home on your desktop? Have you ever wished you could instantly see information about certain projects or events grouped together based simply on a keyword? Do you often get ideas whilst driving that you wish you could save but can't because texting whilst driving is dangerous?
