Librarian's Guide to Online Searching Christopher C. Brown, 2021-06-18. Updates the premier textbook for students and librarians needing to know the landscape of current databases and how to search them. Librarians need to know of existing databases and they must be able to teach search capabilities and strategies to library users. This practical guide introduces librarians to a broad spectrum of fee-based and freely available databases and explains how to teach them. The updated 6th edition of this well-regarded text covers new databases on the market as well as updates to older databases. It also explains underlying information structures and demonstrates how to search most effectively. It introduces readers to several recent changes such as the move away from metadata-based indexing to full-text indexing by vendors covering newspaper content. Business databases receive greater emphasis. As in the previous editions, this book takes a real-world approach covering topics from basic and advanced search tools to online subject databases. Each chapter includes a thorough discussion, a recap, concrete examples, exercises and points to consider, making it an ideal text for courses in database searching as well as a trustworthy professional resource. *The Rough Guide to Travel Online* Samantha Cook, Greg Ward, 2004.
