History Singapore Examinations And Assessment Board:

Examinations in Singapore Yap Kwang Tan, Hong Kheng Chow, Christine Chuen Meng Goh, 2008 The first book to explore the development of Singapore's much talked about education and examination system this volume juxtaposes examinations with its immediate context of education and wider context of politics economy and society The study covers three broad historical periods Examinations in Singapore from 1891 to 1945 The Post War Years from 1946 to the 1970s and Charting Our Destiny from the 1980s to 2007 In the British period up to 1941 the local examinations were conducted by the vernacular schools and external examinations by the University of Cambridge Local Examinations Syndicate There was a lack of systematic effort to establish a uniform system of education and examinations During the Japanese Occupation examinations were conducted by the Japanese authorities and unexpectedly the Cambridge examinations continued in the Sime Road Camp In the post war period and particularly after Singapore was granted self government the establishment of a national education system was followed by the emergence of national examinations the Primary School Leaving Examinations and the Singapore Cambridge GCE N O A Levels for every school going child in Singapore Thereafter the nature of national examinations evolved with the changing needs of education and the nation At the turn of the century with the Ministry of Education's decision to take greater control of examinations the Singapore Examinations and Assessment Board was established to oversee new developments in examinations Unlike most literature on education where examinations are often mentioned as an outcome of educational goals and objectives this book focuses on examinations per se Examinations have gained a momentum of their own and it is interesting to note the development of examinations against the backdrop of the broader history of Singapore and of education in Singapore

World History Teaching in Asia Shingo

Minamizuka, 2019-03-30 World History Teaching in Asia is the first broad survey of the content and approaches used to teach world history in secondary schools and colleges in Asia The collection has been crafted by scholars and educators whose goal was to shed light on the importance of history education and to foster understanding of and between Asian countries These essays show how the teaching of world history in Asian countries has developed since World War II with many interesting parallels including the issue of Eurocentrism but also distinctive national trends and considerable changes over time At a time when many Asian countries are making great strides in education this study of history education in Asia will be of real interest to educators history scholars and policy makers worldwide

Social Studies Education in South and South East Asian Contexts Kerry J Kennedy, 2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them

Education in Singapore Yew-Jin Lee, 2022-04-06 This edited book is a comprehensive resource for understanding the history as well as the current status of educational practices in Singapore It is a one stop reference guide to education and educational issues concerns here There are three sections Part 1 provides a sectorial overview of how education has been organized in this country such as preschool special needs primary and secondary and adult education divisions In Part 2 contributors critically delve into issues and policies that are pertinent to understanding education here such as underachievement leadership language education assessment and meritocracy to question what Part 1 might have taken for granted Part 3 contains the largest number of contributors because it offers a scholarly examination into specific subject histories This section stands out because of the comparative rarity of its subject matter history of Physical Education Art Music Geography Education etc in Singapore

Singapore Government Directory , 2004-12 *Empire of Culture* Waiyee Loh, 2024-06-01 *Empire of Culture* brings together contemporary representations of Victorian Britain to reveal how the nation's imperial past inheres in the ways post imperial subjects commodify and consume culture in the late twentieth and early twenty first centuries The globalization of English literature along with British forms of dress etiquette and dining in the nineteenth century presumed and produced the idea that British culture is a universal standard to which everyone should aspire Examining neo Victorian texts and practices from Britain the United States Japan and Singapore from A S Byatt's novel *Possession* and its Hollywood film adaptation to Japanese Lolita fashion and the Lady Victorian manga series Waiyee Loh argues that the British heritage industry thrives on the persistence of this idea Yet this industry also competes and collaborates with the US and Japanese cultural industries as they too engage with the legacy of British universalism to carve out their own empires in a global creative economy Unique in its scope *Empire of Culture* centers Britain's engagements with

the US and East Asia to illuminate fresh axes of influence and appropriation and further bring Victorian studies into contact with various sites of literary and cultural fandom
