Project Lead the Way is a non-profit organization focused on introducing and preparing high school students for Biomedical, engineering and technical careers of the future. PLTW forms partnerships with public schools, higher education institutions and the private sector to increase opportunities for students in engineering and technical fields. Particularly, PLTW provides a high rigor, project-based curriculum meeting national science and math standards, professional development for teachers and guidance counselors and a comprehensive national support network. PLTW courses are accessible to ALL students, and the initial biomedical courses expose students to multiple career options in the biomedical arena. Students are eligible for college credit for all four PLTW Biomedical Sciences courses and IED, POE, and DE in the PLTW Engineering program. (For Biomedical Sciences courses, please see Science Curriculum portion of this handbook).
