sewing for years Stephnie noticed all her beginning sewing students labored with the same tendencies She found these
tendencies were discouraging the desire to continue sewing What a sad affair to crush a persons creativity not to mention

happening with each tendency calling it The Problem The evolution continued with answers and solutions calling them To
Clarify Wow Today the number is more like 90 something Example many times her students had trouble taking the fabric
with the finished seam out from under the foot Stephnie would causally place her hand in front of the sewing machine needle

the hand wheel like a Waterfall until the take up lever is at its highest point Now you can retrieve your fabric Stephnie
provided photos and drawings on the page facing each tendency This will help you the reader understand the text better The
book is mostly about operating and maintaining the sewing and serging machine However reading patterns a harrowing
