Doctor Who and the Art of Adaptation Marcus K. Harmes, 2014-05-01 Although it started as a British television show with a small but devoted fan base Doctor Who has grown in popularity and now appeals to audiences around the world In the fifty year history of the program Doctor Who's producers and scriptwriters have drawn on a dizzying array of literary sources and inspirations Elements from Homer classic literature gothic horror swashbucklers Jacobean revenge tragedies Orwellian dystopias Westerns and the novels of Agatha Christie and Evelyn Waugh have all been woven into the fabric of the series One famous storyline from the mid 1970s was rooted in the Victoriana of authors like H Rider Haggard and Arthur Conan Doyle and another was a virtual remake of Anthony Hope's *The Prisoner of Zenda* with robots In *Doctor Who and the Art of Adaptation Fifty Years of Storytelling* Marcus Harmes looks at the show's frequent exploration of other sources to create memorable episodes Harmes observes that adaptation in Doctor Who is not just a matter of transferring literary works to the screen but of bringing a diversity of texts into dialogue with the established mythology of the series as well as with longstanding science fiction tropes In this process original stories are not just resituated but transformed into new works Harmes considers what this approach reveals about adaptation television production the art of storytelling and the long term success and cultural resonance enjoyed by Doctor Who *Doctor Who and the Art of Adaptation* will be of interest to students of literature and television alike and to scholars interested in adaptation studies It will also appeal to fans of the series interested in tracing the deep cultural roots of television's longest running and most literate science fiction adventure

Married and working as a civil servant in a job centre Sarah Millican's life couldn't have been more ordinary just over a decade ago. However, after the sudden break up of her marriage, she decided to try something new and sign up for a writing workshop. It was to mark the beginning of comedy's greatest success stories. Growing up as a child of the Miners Strike, which caused immense financial hardship for her family and a victim of bullying, Sarah's early years were far from easy. She had always been clever and creative but had never managed to find the outlet for it. It wasn't until her thirties that she was finally recognised in spectacular fashion as she went on to win the Best Newcomer Award after the Edinburgh Fringe Festival in 2008. A few years later, her first DVD's sales broke all records for a female comedian. Sarah's brand of Geordie warmth and humility, mixed with a natural edginess and willingness to talk about all aspects of everyday life, has won her millions of fans. She manages to push the boundaries while still seeming like your best friend, and it remains the great secret of her success. She is well on her way to national treasure status. This is the story of how a shy, unassuming woman from South Shields became the Queen of British comedy.
