Movie/TV Soundtracks and Original Cast

Recordings Price and Reference Guide Jerry Osborne, 2002-11 **The British Television Pilot Episodes Research Guide 1936-2015** Christopher Perry, 2015-12 A new idea can become an expensive flop for TV executives So from the earliest days of television the concept of a pilot episode seemed like a good idea Trying out new actors new situations and new concepts before making a series was good economical sense It was also tax deductible Sometimes these pilots were shown on television sometimes they were so awful they were hidden from sight in archives and sometimes they were excellent one offs but a series seemed elusive and never materialised Chris Perry has always been fascinated by the pilot episode So many pilots are made annually but never seen by audiences Only a handful appear on screen It s a hidden world of comedy variety drama and factual programming This volume attempts to lift the lid on the world of the TV pilot by revealing the many transmitted and untransmitted episodes made through the decades Designing the BBC Iain Macdonald, Paula Williams, 2025-02-06 Designing the BBC provides an insider perspective on the groundbreaking work of the BBC s Television Graphic Design Department from 1954 2005 Drawing on the unique holdings of the BBC Motion Graphics Archive and first hand perspectives of former BBC staff this book provides a timely overview of over 50 years of the BBC s innovative practice and lasting impact in the field of television motion graphics Taking a thematic approach the volume considers the graphic design of a range of TV genres including household favourites such as Doctor Who sports programming such as Grandstand and big sporting events like the Olympics children s television including Grange Hill popular science programmes such as Tomorrow s World news output such as The Nine O Clock News Election Night specials the weather and the channel idents of BBC 2 The book brings together BBC staff with leading scholars in design and television studies who investigate the Archive bringing to life cultural memories and consider the Graphic Design Department s lasting impact both at the time and today **Hitchhikers** AudioGo, 2008-11-01 **Life On Air** , 2008-09-25 Radio Four has been described as the greatest broadcasting channel in the world the heartbeat of the BBC a cultural icon of Britishness and the voice of Middle England Defined by its rich mix encompassing everything from journalism and drama to comedy quizzes and short stories its programmes such as Today The Archers Woman s Hour The Hitchhiker s Guide To the Galaxy Gardeners Question Time and The Shipping Forecast have been part of British life for decades Others less successful have caused offence and prompted derision Born as it was in the Swinging Sixties Radio Four s central challenge has been to change with the times while trying not to lose faith with those who see it as a standard bearer for quality authoritativeness or simply old fashioned BBC values In this first major behind the scenes account of the station s history David Hendy a former producer for Radio Four draws on privileged access to the BBC s own archives and new interviews with key personnel to illuminate the arguments and controversies behind the creation of some of its most popular programmes He reveals the station s struggle to justify itself in a television age favouring clear branding and tightly targeted audiences with bitter disputes between the BBC and its fiercely loyal listeners The story of these struggles is about more than the survival of one radio network Radio Four has been a

lightning rod for all sorts of wider social anxieties over the past forty years A kaleidoscopic view of the changing nature of the BBC the book provides a gripping insight into the very nature of British life and culture in the last decades of the twentieth century *Mediascripts* Simon Page, Mark Warner, 2004 These media scripts are written specifically for Key Stage 3 and intended to resource the National Curriculum and Framework objectives for teaching English and Media Accompanying activities provide links to the Framework for teaching English Broadcast in the U.S. Vincent Terrace, 2021-09-15 A fun and accessible guide to foreign television series that were later broadcast in or adapted for the U S including popular favorites such as The Office and Doctor Who In Broadcast in the U S Foreign TV Series Brought to America Vincent Terrace delivers a wonderful resource of over 400 foreign television shows broadcast in the United States along with their American adaptations From British comedies like Fawlty Towers and Keeping Up Appearances to the Australian fantasy series The Girl from Tomorrow and the Japanese cartoons Astro Boy and Kimba the White Lion this book explores an often overlooked side of American television and popular culture Each entry includes details regarding the cast genre episodes U S and foreign networks broadcast dates storylines and trivia Containing information not easily found anywhere else such as unsold script proposals internet TV series and unaired pilots this first and only guide to foreign television series broadcast in the U S is a valuable reference for all fans of television history The Psychotronic Video Guide To Film Michael Weldon, 1996 The bible of B movies is back and better than ever From Abby to Zontar this book covers more than 9 000 amazing movies from the turn of the century right up to today s Golden Age of Video all described with Michael Weldon s dry wit More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore an essential reference for every bad film fan *The Frodo* Jem Roberts, 2014-09-25 As a wise ape once observed space is big vastly hugely mind bogglingly so However if you look too closely at space it becomes nothing but lumps of rock and sundry gases Sometimes it s necessary to take a step back and let a few billion years go by before any of the true wonder and scope of the cosmos becomes apparent Similarly the late 20th century author humorist and thinker Douglas Adams was big vastly hugely and thoroughly mind bogglingly so both in physical terms and as a writer who has touched millions of readers firing up millions of cerebellums all over planet Earth for over 35 years and for nearly half of that time he hasn t even been alive It would be ridiculous to pretend that Douglas Adams s life and work has gone unexamined since his dismayingly early death at 49 but throughout the decade since the last book to tackle the subject the universes Adams created have continued to develop to beguile and expand minds and will undoubtedly do so for generations to come An all new approach to the most celebrated creation of Douglas Adams is therefore most welcome and *The Frodo* tells the story of Adams s explosive but agonizingly constructed fictional universe from his initial inspirations to the posthumous sequel s and adaptations bringing together a thousand tales of life as part of the British Comedy movements of the late 70s and 80s along the way With the benefit of hindsight and much time passed friends and colleagues have been interviewed for a fresh take on the man and his works

Doctor Who FAQ Dave Thompson,2013-02-01 FAQ Doctor Who is indisputably the most successful and beloved series on UK TV and the most watched series in the history of BBC America Doctor Who FAQ tells the complete story of its American success from its first airings on PBS in the 1970s through to the massive Doctor Who fan conventions that are a staple of the modern day science fiction circuit Combining a wealth of information and numerous illustrations Doctor Who FAQ also includes a comprehensive episode guide From the Doctor s most impressive alien foes and the companions who have fought alongside him to unimagined planets and unexpected points in history from some of the greatest minds ever to have walked the Earth to the most evil beings ever to haunt the universe it s all covered here including the Tardis the none too reliable bigger on the inside than the out blue box in which the Doctor travels **The Effect** Linda Hoy,2012-09-16 Where science and spirituality join forces **The Hitch Hiker's Guide to the Galaxy Omnibus** Douglas Adams,1995 The Hitchhiker s Guide to the Galaxy is a science fiction comedy series created by Douglas Adams that debuted as a radio comedy broadcast on BBC Radio 4 in 1978 Since then it has been adapted to other formats slowly becoming an international multi media phenomenon over a span of several years The title The Hitchhiker s Guide to the Galaxy is often abbreviated as HHG HHGG HHGTTG or H2G2 The series is also often referred to as The Hitchhiker s Guide Hitchhiker s or simply The Guide This title can refer to any of the various incarnations of the story of which the books having been translated into more than 30 languages by 2005 Although the various versions follow the same basic plot they are in many places mutually contradictory as Adams rewrote the story substantially for each new adaptation In all versions the series follows the adventures of Arthur Dent a hapless Englishman who escapes the demolition of Earth by a bureaucratic alien race called the Vogons with his friend Ford Prefect an alien from a small planet somewhere in the vicinity of Betelgeuse and researcher for the eponymous guidebook Zaphod Beeblebrox Ford s semi cousin and part time Galactic President unknowingly saves the pair from certain death He brings them aboard his stolen spaceship the Heart of Gold whose crew rounds out the main cast of characters Marvin the Paranoid Android a severely depressed robot and Trillian formerly known as Tricia McMillan a woman Arthur once met at a party who he soon realises is the only other survivor of Earth s destruction After this the characters embark on a quest to find the legendary planet of Magrathea and the Question to the Ultimate Answer [Encyclopedia of the British Novel](#) Virginia Brackett,Victoria Gaydosik,2015-04-22 Praise for the print edition comprehensive Recommended **Radio's Legacy in Popular Culture** Martin Cooper,2022-01-27 Examining work by novelists filmmakers TV producers and songwriters this book uncovers the manner in which the radio and the act of listening has been written about for the past 100 years Ever since the first public wireless broadcasts people have been writing about the radio often negatively sometimes full of praise but always with an eye and an ear to explain and offer an opinion about what they think they have heard Novelists including Graham Greene Agatha Christie Evelyn Waugh and James Joyce wrote about characters listening to this new medium with mixtures of delight frustration and despair Clint Eastwood frightened moviegoers half to death in Play Misty for

Me but Lou Reed's Rock the act of listening as a cultural expression focusing on fiction films and songs about radio Martin Cooper a broadcaster and academic uses these movies TV shows songs novels and more to tell a story of listening to the radio as created by these contemporary writers filmmakers and musicians

Public Service Media in the Digital Age Agnes Gulyás, Ferenc Hammer, 2014-07-03 Public service media are going through dramatic transformations as a result of technological developments policy changes market pressures and changes in media consumption A significant part of this transformation is connected to the enhanced and novel roles of audience initiative to use and generate content The scale and significance of the changes are still contested and the future of the provisions remains unclear This book synthesises current debates on public service media and provides analysis of the key issues from an international perspective It brings together leading researchers in the field and offers case studies from different countries The book explores two main areas legacy public service broadcasters in the digital age and new forms of public service media Chapters in this collection address such fundamental questions about the future of public service media as are the public ready to take on genuinely participatory roles Do public service media organisations and professionals seriously consider shifting to a radically more demand oriented production How would changes in public service media impact political discourses and landscapes

Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006 Cyber Worship in Multifaith Perspectives as is implied by its name explores worship i e Prayer Praise Scripture Sacrament Rituals Confessions Eucharist Rites Pilgrimages Reflection Contemplation etc on the Internet It is not an everything you need to know guide about the subjects of faith and belief religions online religions on the Net or religions in cyberspace Rather it is a book about religious and spiritual experience under the rubric cyber worship which is the variety of ways religious devotion is performed and carried out on the Internet The term Cyber Worship is a catchall phrase which includes variants such as online worship virtual worship electronic prayer cyber puja cyber synagogue and so on Dr Mohamed Taher has thus assembled a quick reference for two groups those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments As such this book provides an interesting and current perspective on a practice that will continue to grow in the future
